

quality and are not subject to political influence. In addition, ACES is required to advise the Commissioner of NCES and the National Assessment Governing Board on technical and statistical matters related to the National Assessment of Education Progress (NAEP).

The proposed agenda includes the following:

- Discussion of NCES's next steps in implementing the redesign of the National Assessment of Educational Progress (NAEP).
- An update and discussion on the Third International Mathematics and Science Study (TIMSS).
- Individual meetings of the three ACES committees which will focus on specific topics. The agenda for the Management Committee includes a report on the preliminary findings from NCES's customer survey and related customer service activities. In addition there will be discussions of a design feasibility grant competition to solicit ideas on a redesigned NAEP. If these portions of the meeting were held in open session, the possible disclosure of the Department's position might affect decisions by third parties outside the Government. These discussions would be likely to significantly frustrate implementation of a proposed agency action if conducted in open session. These portions of the meeting will be closed under the authority of Section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463; 5 U.S.C. Appendix 2) and under exemption (9)(B) of Section 522b(c) of Title 5 U.S.C.

The agenda for the Statistics Committee includes issues surrounding background variables in NAEP, and the potential for linking data from the TIMSS and NAEP. The agenda for the Strategy/Policy Committee includes review of a draft strategic plan for NAEP and the use of criteria for decisionmaking on the NCES budget.

A summary of the activities of the closed sessions and related matters which are informative to the public consistent with the policy of Title 5 U.S.C. 551b(c) will be available within 14 days of the meeting. Records are kept of all Council proceedings and are available for public inspection at the Office of the Executive Director, Advisory Council on Education Statistics, 555 New Jersey Avenue, NW., Room 400J, Washington, DC 20208-7575.
