National Oil and Hazardous Substances Contingency Plan National Priorities List**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice of intent to delete the Seldon Clark Property from the General Electric/Shepherd Farm Superfund Site from the National Priorities List (NPL).

SUMMARY: The Environmental Protection Agency (EPA), Region IV, announces its intent to delete the Seldon Clark Property from the General Electric/Shepherd Farm Superfund Site from the National Priorities List (NPL), and requests public comment on this proposed action. The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), promulgated by EPA, pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended. EPA and the State of North Carolina Department of Environment, Health, and Natural Resources have determined that the Seldon Clark Property poses no

significant threat to public health or the environment and therefore, CERCLA remedial measures are not appropriate.

DATES: Comments must be submitted by October 3, 1996.

ADDRESSES: Comments may be mailed to: Giezelle S. Bennett, Remedial Project Manager, U.S. Environmental Protection Agency, Region IV, 345 Courtland Street, NE, Atlanta, GA 30365.

Comprehensive information on this Site is available through the EPA Region IV public docket, which is located at EPA's Region IV office and is available for viewing by appointment from 9:00 a.m. to 4:00 p.m., Monday through Friday, excluding holidays. Requests for appointments or copies of the background information from the regional public docket should be directed to the EPA Region IV docket office.

The address for the regional docket office is Ms. Debbie Jourdan, U.S. EPA, Region IV, 345 Courtland St, NE, Atlanta, GA 30365. The telephone number is 404-347-5059, ext 6217.

Background information from the regional public docket is also available for viewing at the Site information repository located at the Henderson County Public Library, 301 N. Washington Street, Hendersonville, NC 28792. The telephone number is 704-697-4725. The library is open Monday through Thursday from 9:00 a.m. to 9:00 p.m., and on Friday and Saturday from 9:00 a.m. until 6:00 p.m.

FOR FURTHER INFORMATION CONTACT: Please contact either Giezelle Bennett or Diane Barrett, U.S. EPA, Region IV, 345 Courtland Street, N.E., Atlanta, GA 30365, 1-800-435-9233 ext. 2065 or 2073.

SUPPLEMENTARY INFORMATION:**I. Introduction**

This notice is to announce EPA's intent to delete the Seldon Clark Property portion of the General Electric/Shepherd Farm Superfund Site from the NPL. It also serves to request public comments on the deletion proposal. EPA will accept comments on this proposed action for deletion for thirty days after publication of this document in the Federal Register.

EPA identifies sites that appear to present a significant risk to public health, welfare, or environment and maintains the NPL as the list of these sites. Sites on the NPL qualify for remedial responses financed by the Hazardous Substances Response Trust Fund (Fund). As described in § 300.425 (e)(3) of the NCP, sites deleted from the NPL remain eligible for Fund-financed remedial actions in the unlikely event

that conditions at the site warrant such actions.

II. NPL Deletion Criteria

The NCP establishes the criteria that EPA uses to delete sites from the NPL. In accordance with Section 300.425(e) of the NCP, sites may be deleted from the NPL where no further response is appropriate. In making this determination, EPA, in consultation with the State, considers whether the site has met any of the following criteria for site deletion:

(i) Responsible or other parties have implemented all appropriate response actions required;

(ii) All appropriate response actions under CERCLA have been implemented and no further response actions are deemed necessary; or

(iii) The remedial investigation has determined that the release poses no significant threat to public health or the environment and, therefore, no remedial action is appropriate.

III. Deletion Procedures

EPA Region IV will accept and evaluate public comments before making a final decision to delete. Comments from the local community may be the most pertinent to deletion decisions. The following procedures were used for the intended deletion of the Seldon Clark Property portion of the General Electric/Shepherd Farm Site: (1) EPA Region IV has recommended deletion and has prepared the relevant documents. (2) The State has concurred with the decision to delete the Seldon Clark property. (3) Concurrent with this announcement, a notice has been published in the local newspaper and has been distributed to appropriate federal, state, and local officials announcing the commencement of a 30-day public comment period on the Notice of Intent to Delete. (4) EPA has made all relevant documents available for public review at the information repository and in the Regional Office.

Partial deletion of a site from the NPL does not itself create, alter, or revoke any individual's rights or obligations. The NPL is designed primarily for information purposes and to assist EPA management. As mentioned earlier, Section 300.425(e)(30) of the NCP states that deletion of a site from the NPL does not preclude eligibility of the site for future Fund-financed response actions.

For the partial deletion of this Site, EPA will accept and evaluate public comments on this Notice of Intent to Delete before finalizing the decision. The Agency will prepare a Responsiveness Summary to address any significant public comments
