

way voice communications and all other types of uses not mentioned above are expressly prohibited.”

(b) Prior to operating a LPRS transmitter for AMTS purposes, an AMTS licensee must notify, in writing, each television station that may be affected by such operations, as defined in § 80.215(h) of this chapter. The notification provided with the station's license application is sufficient to satisfy this requirement if no new television stations would be affected.

§ 95.1017 Labeling requirements.

(a) Each LPRS transmitting device shall bear the following statement in a conspicuous location on the device: “This device may not interfere with TV reception or federal government radar, and must accept any interference received, including interference that may cause undesired operation.”

(b) Where an LPRS device is constructed in two or more sections connected by wires and marketed together, the statement specified in this section is required to be affixed only to the main control unit.

(c) When the LPRS device is so small or for such use that it is not practicable to place the statement specified in the section on it, the statement must be placed in a prominent location in the instruction manual or pamphlet supplied to the user or, alternatively, shall be placed on the container in which the device is marketed.

§ 95.1019 Marketing limitations.

Transmitters intended for operation in the LPRS may be marketed and sold

only for those uses described in § 95.1109.

BILLING CODE 6712-01-U

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 960129018-6018-01; I.D. 082796B]

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for pollock in Statistical Area 630 of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 1996 pollock total allowable catch (TAC) in this area.

EFFECTIVE DATE: 1200 hrs, Alaska local time (A.l.t.), September 3, 1996, until 2400 hrs, December 31, 1996.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: The groundfish fishery in the GOA exclusive economic zone is managed by NMFS according to the Fishery Management Plan for Groundfish of the GOA (FMP) prepared by the North

Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 1996 pollock TAC in Statistical Area 630 was established by the Final 1996 Harvest Specifications of Groundfish (61 FR 4304, February 5, 1996) as 13,680 metric tons (mt). (See § 679.20(c)(3).)

The Director, Alaska Region, NMFS (Regional Director), has determined, in accordance with § 679.20(d)(1), that the 1996 pollock TAC in Statistical Area 630 has been reached. The Regional Director established a directed fishing allowance of 12,080 mt, and has set aside the remaining 1,600 mt as bycatch to support other anticipated groundfish fisheries. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 630.

Maximum retainable bycatch amounts for applicable gear types may be found in the regulations at § 679.20(e).

Classification

This action is taken under 50 CFR 672.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 29, 1996.

Gary C. Matlock,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
