In order to comply with the provisions of 42 U.S.C. 290dd-2, the Navy's 'Blanket Routine Uses' do not apply to this system of records.

Specifically, records of the identity, diagnosis, prognosis, or treatment of any client/patient, irrespective of whether or when he/she ceases to be client/patient, maintained in connection with the performance of any alcohol or drug abuse or obesity/compulsive overeating prevention, education, training, treatment, rehabilitation, or research which is conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, shall, except as provided therein, be confidential and be disclosed only for the purposes and under the circumstances expressly authorized in 42 U.S.C. 290dd-2. If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefore. In accessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosures.
