**Columbia Gas Transmission
Corporation; Notice of Proposed
Changes in FERC Gas Tariff**

September 4, 1996.

Take notice that on August 30, 1996, Columbia Gas Transmission Corporation (Columbia) tendered for filing as part of its FERC Gas Tariff, Second Revised

Volume No. 1, the following tariff sheets to become effective as indicated:

Effective September 1, 1996

Fourteenth Revised Sheet No. 25
Fourteenth Revised Sheet No. 26
Fourteenth Revised Sheet No. 27
Fifteenth Revised Sheet No. 28
Ninth Revised Sheet No. 29
Ninth Revised Sheet No. 30

Effective October 1, 1996

Fifteenth Revised Sheet No. 25
Fifteenth Revised Sheet No. 26
Fifteenth Revised Sheet No. 27
Sixteenth Revised Sheet No. 28

Columbia states that this filing constitutes its Mid-Cycle filing pursuant to Section 36.2 of the General Terms and Conditions (GTC) of its FERC Gas Tariff, Second Revised Volume No. 1. GTC Section 36, "Transportation Costs Rate Adjustment (TCRA)", enables Columbia to adjust its TCRA rates prospectively to reflect estimated current costs. In this filing, Columbia proposes to adjust its current Operational TCRA and current Stranded TCRA rates.

Columbia states that its filing includes projected costs in the amount of \$15,051,499 for the Operational Account No. 858 contracts, which represents a decrease of \$265,584 from the projected levels established in Docket No. RP96-165, and which are based upon the rates of the applicable pipeline companies at October 1, 1996, and the respective determinants associated with those contracts.

Columbia, states that by this filing, it is also proposing to make an out-of-cycle adjustment so as to eliminate the current stranded demand rates effective September 1, 1996, since it will have fully recovered the stranded TCRA demand costs provided for under its Customer Settlement approved in Docket No. GP94-2, et al., as of August 31, 1996. Elimination of the current stranded demand rate effective September 1, 1996, will allow Columbia's customers to avoid a deferral of over-recoveries of stranded costs.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

[Docket No. TM97-2-34-001]

**Florida Gas Transmission Company;
Notice of Proposed Changes in FERC
Gas Tariff**

September 4, 1996.

Take notice that on August 29, 1996, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, effective October 1, 1996, the following tariff sheets:

Substitute Seventeenth Revised Sheet No. 8A
Substitute Tenth Revised Sheet No. 8A.01
Substitute Ninth Revised Sheet No. 8A.02
Substitute Fifteenth Revised Sheet No. 8B
Substitute Eighth Revised Sheet No. 8B.01

FGT states that on August 22, 1996, FGT made a filing in Docket No. TM97-2-34-000 (August 22 Filing) to make changes to the Fuel Reimbursement Charge Percentage (FRCP) and the Unit Fuel Surcharge (UFS) pursuant to Section 27 of the General Terms and Conditions (GTC) of FGT's Tariff. FGT states that the tariff sheets filed with the August 22 Filing were to supersede the tariff sheets filed on August 21, 1996 in Docket No. TM97-1-34-000 (August 21 Filing) which proposed changes to the ACA Charge pursuant to the Annual Charges Billing for Fiscal Year 1996. The ACA charge reflected in the August 21 Filing, and carried forward to the August 22 Filing in the instant docket, was inadvertently calculated from the wrong Unit Charge Factor in the Commission's Annual Charge Billing. FGT is filing herein substitute tariff sheets to reflect the correct ACA charge on the above referenced tariff sheets. No information regarding the FRCP or the UFS has been changed from that filed in the August 22 Filing in Docket No. TM94-2-34-000.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426 in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make
