

responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this final rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Forest Service**

**36 CFR Part 211**

**Cooperation With User Organizations**

**AGENCY:** Forest Service, USDA.

**ACTION:** Final rule; technical amendment.

**SUMMARY:** On June 22, 1951, the Forest Service published rules authorizing organizations that use National Forest System lands to form permittee associations or advisory boards for cooperating with the Forest Service. In subsequent years, these rules have been superceded by other laws and procedures that have been established to address how the agency works cooperatively with user organizations. The agency identified the need to remove this obsolete regulation during a review of regulations undertaken as part of the President's Regulatory Reinvention Initiative.

**EFFECTIVE DATE:** This rule is effective September 10, 1996.

**FOR FURTHER INFORMATION CONTACT:** Elizabeth Anderson, Directives and Regulations, telephone: (703) 235–2994.

**SUPPLEMENTARY INFORMATION:** Under the authority of the Organic Administrative Act of June 4, 1897 (16 U.S.C. 551), the Secretary of Agriculture promulgated regulations at 36 CFR 211.1 on June 22, 1951 (16 FR 5952), establishing procedures for user organizations to work with the Forest Service in the "systematic betterment of conditions and facilities controlling their use of the national forest lands." In subsequent years, new laws have been passed which govern how the agency works with user organizations, such as the Federal Advisory Committee Act of 1972 (5 U.S.C. App. 2) and the National Forest Management Act of 1976 (16 U.S.C. 1604).

Following a review of Forest Service regulations under the President's Regulatory Reinvention Initiative, the agency identified this regulation as no longer needed, and accordingly, by this amendment, is removing the rule from the Code of Federal Regulations. Because of the narrow scope and limited effect of this action, the agency has determined that this amendment is a technical amendment for which notice and comment pursuant to the Administrative Procedures Act (5 U.S.C. 553) is not necessary.

**Regulatory Impact**

This rule is a technical amendment to remove an obsolete regulation and, as such, has no substantive effect nor is it subject to review under USDA procedures or Executive Order 12866 on Regulatory Planning and Review. This rule also does not meet the definition of a rule subject to Congressional notice and review pursuant to 5 U.S.C., sections 801–804.

Moreover, because good cause exists to exempt this rule from notice and comment pursuant to 5 U.S.C. 553, this rule is exempt from further analysis under the Unfunded Mandates Reform Act at 1995; Executive Order 12778, Civil Justice Reform; Executive Order 12630, Takings Implications; and the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).
