**National Fuel Gas Distribution Corporation; Secondary Market Transactions on Interstate Natural Gas Pipelines; Notice of Application to Participate in Pilot Program**

September 5, 1996.

Take notice that on August 30, 1996, National Fuel Gas Distribution Corporation (National Fuel Distribution) tendered for filing an application to participate in the "Proposed Experimental Pilot Program To Relax The Price Cap for Secondary Market Transactions" (Pilot Program), promulgated in Docket No. RM96-14-001.

Through its application, National Fuel Distribution seeks a finding that it lacks market power on its upstream pipelines in the relevant area and that those upstream pipelines likewise lack market in the relevant area.

National Fuel Distribution seeks permission for itself and the majority of its upstream pipelines to participate in the Pilot Program for the period of the 1996-1997 winter season with the opportunity to extend the program. The pipelines agreeing to participation in the Pilot Program with National Fuel Distribution for the 1996-1997 winter period are Texas Eastern Transmission Corporation, Transcontinental Gas Pipe Line Company, Columbia Gas Transmission Corporation and Columbia Gulf Transmission Corporation.

National Fuel Distribution requests that CNG Transmission Corporation's and Tennessee Gas Pipeline Company's participation at some future date be conditioned upon their complying with the comparability and reporting requirements provision of the Pilot Program.

Further, National Fuel Distribution requests that the reporting requirements be modified so as: (1) to provide only aggregated information, or in the alternative to preserve the identity of shippers in filed reports; (2) to provide National Fuel Distribution and its participating upstream pipelines with at least six months in which to file the requisite information; and (3) to require annual reporting, or in the alternative, quarterly reporting rather than monthly.

Any person desiring to comment on or protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protest must be filed within 15 days and comply with the requirements in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.
