DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 706

**Certifications and Exemptions Under
 the International Regulations for
 Preventing Collisions at Sea, 1972**

AGENCY: Department of the Navy, DOD.

ACTION: Final rule.

SUMMARY: The Department of the Navy
 is amending its certifications and
 exemptions under the International
 Regulations for Preventing Collisions at
 Sea, 1972 (72 COLREGS), to reflect that
 the Deputy Assistant Judge Advocate
 General (Admiralty) of the Navy has
 determined that USS FALCON (MHC
 59) is a vessel of the Navy which, due
 to its special construction and purpose,
 cannot fully comply with certain
 provisions of the 72 COLREGS without
 interfering with its special functions as
 a naval ship. The intended effect of this
 rule is to warn mariners in waters where
 72 COLREGS apply.

EFFECTIVE DATE: August 21, 1996.

 Advocate General, Navy Department,

 325-9744.

SUPPLEMENTARY INFORMATION: Pursuant
 to the authority granted in 33 U.S.C.
 1605, the Department of the Navy
 amends 32 CFR Part 706. This
 amendment provides notice that the
 Deputy Assistant Judge Advocate
 General (Admiralty) of the Navy, under

authority delegated by the Secretary of
 the Navy, has certified that USS
 FALCON (MHC 59) is a vessel of the
 Navy which, due to its special
 construction and purpose, cannot fully
 comply with the following specific
 provisions of 72 COLREGS without
 interfering with its special function as a
 naval ship: Rule 27(f), pertaining to the
 display of all-round lights by a vessel
 engaged in mineclearance operations;
 and Annex I, paragraph 9(b), prescribing
 that all-round lights be located as not to
 be obscured by masts, topmasts or
 structures within angular sectors of
 more than six degrees. The Deputy
 Assistant Judge Advocate General
 (Admiralty) of the Navy has also
 certified that the lights involved are
 located in closest possible compliance
 with the applicable 72 COLREGS
 requirements.

Moreover, it has been determined, in
 accordance with 32 CFR Parts 296 and
 701, that publication of this amendment
 for public comment prior to adoption is
 impracticable, unnecessary, and
 contrary to public interest since it is
 based on technical findings that the
 placement of lights on this vessel in a
 manner differently from that prescribed
 herein will adversely affect the vessel's
 ability to perform its military functions.

POSTAL SERVICE

39 CFR Part 111

Classification Reform; Implementation Standards

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This final rule sets forth additional Domestic Mail Manual (DMM) standards adopted by the Postal Service to implement the Decision of the Governors of the United States Postal Service on the Recommended Decision of the Postal Rate Commission on Nonprofit Standard Mail, Nonprofit Enhanced Carrier Route Standard Mail, Nonprofit Periodicals, and Within County Periodicals, Docket No. MC96-2, Classification Reform II.

EFFECTIVE DATE: October 6, 1996.

FOR FURTHER INFORMATION CONTACT: Leo F. Raymond, (202) 268-5199.

SUPPLEMENTARY INFORMATION: On April 4, 1996, pursuant to its authority under 39 U.S.C. 3621, *et seq.*, the Postal Service filed with the Postal Rate Commission (PRC) a request for a recommended decision on several mail classification reform proposals for nonprofit Periodicals and Standard Mail (Classification Reform II). The PRC designated the filing as Docket No. MC96-2. On April 11, 1996, the PRC published a notice of the filing, with a description of the Postal Service's proposals, in the Federal Register (61 FR 16129-16146). The PRC issued its Opinion and Recommended Decision on Docket No. MC96-2 on July 19, 1996. In that document, the PRC favorably recommended what the Postal Service had proposed, with the exception of those provisions in the Classroom Periodicals rate schedule; the PRC reopened the record in Docket No. MC96-2 for further proceedings on that category of mail. On August 6, 1996, the Governors of the Postal Service accepted the Recommended Decision and the Board of Governors set October 6, 1996, as the date on which the provisions of Docket No. MC96-2 would take effect. A notice of the Decision of the Governors was published on August 15, 1996 (61 FR 42464-42476).

The DMM standards that were proposed to take effect to implement

Docket No. MC96-2 were published for public comment in the Federal Register on June 24, 1996 (61 FR 32606-32616). Because no comments were received on the proposed rule, it was adopted without change as the final rule, except as noted therein to reflect the absence of rate provisions for Classroom Periodicals in the PRC's Recommended Decision that was accepted and implemented by the Governors, and published on August 15, 1996 (61 FR 42478-42489).

Because the PRC's Recommended Decision, as accepted and implemented by the Governors, excluded rate changes for Classroom Periodicals that had been proposed by the Postal Service, the rate schedule for Classroom Periodicals was unchanged, retaining ZIP+4 Classroom rates. Because of this difference from what the Postal Service had proposed in its request and in the proposed rule, the August 15 final rule also proposed standards for ZIP+4 Classroom rate mail that were different from those published in DMM Issue 50. (In general, the Postal Service proposed to establish eligibility standards for ZIP+4 Classroom rate mail that parallel those for other automation rate Periodicals. Mail preparation standards for ZIP+4 Classroom rate mail would be essentially similar to those for upgradable mail in other classes, except a ZIP+4 code would be required in the address. The Postal Service anticipated minimal adverse impact from this proposal on the mailing community, given the applicability of ZIP+4 rates to only letter-size pieces and the likely absence of a significant volume of letter-size mail in the Classroom Periodicals subclass.) Because those specific standards were not part of the June 24 proposed rule, the Postal Service accepted further comments on those standards from interested parties for an additional 21 days (i.e., through September 5, 1996).

No comments were received on the proposed rule for ZIP+4 Classroom Periodicals rate eligibility and mail preparation. Therefore, the Postal Service adopts the corresponding DMM standards as the final rule.

These relevant standards are shown below for the information of readers, but are the same as the corresponding standards published in the August 15 final rule.

All references to DMM sections shown in this rule are based on DMM Issue 50 (July 1, 1996) as amended by the August 15 final rule.
