

program. In 1992, the C.H. Schnoor site was designated for remediation as part of FUSRAP.

During the 1940s, the property was owned by C.H. Schnoor and Company and was used to machine extruded uranium for the Hanford Pile Project, a project with the objective of producing an alternate charge for the Hanford Reactor in the State of Washington. The uranium operation may have continued until the spring of 1951, when the building was sold to a manufacturer of toys and coat hangers. In 1967, the property was acquired by the Unity Railway Supply Company, which founded the Premier Manufacturing Company and used the site to manufacture journal lubricators for railroad cars. The current occupant, Conviber, Inc., uses the site for the fabrication of industrial drive and conveyor belts. In October 1980, a radiological scanning survey was conducted by DOE and Argonne National Laboratory. Because much of the floor was inaccessible for surveying and because of the lack of definitive records documenting the use of the site, DOE directed that an additional more comprehensive survey be performed. This survey was conducted by Oak Ridge National Laboratory in 1989 and 1990. From October through December 1993, Oak Ridge National Laboratory and Bechtel National Inc. performed additional radiological surveys of the interior of the concrete building to thoroughly characterize the building before remediation efforts began. Most of the contamination was in the soil beneath the concrete slab, and isolated areas of surface contamination were detected on a portion of the concrete floors. Based on these characterization data, DOE conducted remedial action at the C.H. Schnoor site from August to October 1994.

Post-remedial action surveys have demonstrated and DOE has certified that radiological conditions at the subject property comply with DOE radiological decontamination criteria and standards. The standards are established to protect members of the public and occupants of the property and to ensure that future use of the property will result in no radiological exposure above applicable guidelines. Accordingly, this property is released from FUSRAP.

The certification docket will be available for review between 9:00 a.m. and 4:00 p.m., Monday through Friday (except Federal holidays) in the DOE Public Reading Room, located in Room 1E-190 of the Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585. Copies of the certification docket will also be

available in the DOE Public Document Room, U.S. Department of Energy, Oak Ridge Operations Office, Oak Ridge, Tennessee 37831 and at the Springdale Free Public Library, 331 School Street, Springdale, Pennsylvania 15144.

The Department, through the Oak Ridge Operations Office, Former Sites Restoration Division, has issued the following statement:

Statement of Certification: C.H. Schnoor Site in Springdale, Pennsylvania

DOE, Oak Ridge Operations Office, Former Sites Restoration Division, has reviewed and analyzed the radiological data obtained following remedial action at the C.H. Schnoor Site, 644 Garfield Street [Parcel 733-A-182, filed in Deed/Plat Book (Colfax Plan 117), Page 281 in the records of Allegheny County, Pennsylvania]. Based on analysis of all data collected, including post-remedial action surveys, DOE certifies that any residual contamination which remains onsite falls within current guidelines for use without radiological restrictions. This certification of compliance provides assurance that reasonably foreseeable future use of the property will result in no radiological exposure above current radiological guidelines established to protect members of the general public as well as occupants of the site.

Property owned by Mr. and Mrs. Frank Pucciarelli, 644 Garfield Street, Springdale, Pennsylvania 15144.

Issued in Washington, D.C., on September 4, 1996.

James M. Owendoff,
Deputy Assistant Secretary for Environmental Restoration.

BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Docket No. TM97-1-48-000]

ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

September 6, 1996.

Take notice that on August 30, 1996, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1 and Original Volume No. 2, the following tariff sheets to become effective October 1, 1996:

Second Revised Volume No. 1
Fifteenth Revised Sheet No. 17
First Revised Sheet NO. 162C

Original Volume No. 2
Eighth Revised Sheet No. 14

ANR states that the above-referenced tariff sheets are being filed to reflect a decrease in the Annual Charge Adjustment (ACA) rate as permitted by Section 24 of its Second Revised Volume No. 1 FERC Gas Tariff. Pursuant to Order No. 472, the Commission has assessed ANR its ACA unit rate of \$0.0020 per Dth. The new ACA rate to be charged by ANR will be effective October 1, 1996.

In addition, ANR submits in this filing First Revised Sheet No. 162C, which contains two appropriate ACA-related tariff changes to GT&C Section 24. ANR has updated its tariff to reference the new section number of the Commission's Rules and Regulations related to ACA expenditures. Also, due to the termination of several X-Rate schedules, ANR has updated the ACA reference to applicable Original Volume No. 2 sheets.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Inspection Room.

Lois D. Cashell,
Secretary.

BILLING CODE 6717-01-M

[Docket No. MT96-29-000]

ANR Pipeline Company; Notice of Proposed Changes In FERC Gas Tariff

September 6, 1996.

Take notice that on September 3, 1996, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, to become effective October 1, 1996:

First Revised Sheet No. 68G
Original Sheet No. 68G.1

ANR states that the above-referenced tariff sheets are being filed pursuant to the Commission's August 2, 1996 Order Authorizing Abandonment and Determining Jurisdictional Status of
