

National states that under Article II, Section 2, of the approved settlement in the above-captioned proceedings, National is required to recalculate monthly the maximum Interruptible Gathering ("IG") rate and charge that rate on the first day of the following month if the result is an IG rate 2 cents above or below the IG rate. The recalculation produced an IG rate of 12 cents per dth.

National further states that pursuant to Article II, Section 4, National is required to file a revised tariff sheet in a Compliance Filing each time the effective IG rate is revised within 30 days of the effective date of the revised IG rate.
