

Tribe, Cheyenne-Arapaho Tribes, Chickasaw Nation, Choctaw Nation, Comanche Indian Tribe, Fort McDowell Mohave-Apache Indian Community, Fort Sill Apache Business Committee, Jicarilla Apache Tribe, Kickapoo Indian Tribe, Kiowa Tribe, Mescalero Apache Tribe, Navajo Nation, Pawnee Indian Tribe, San Carlos Apache Tribe, Southern Ute Indian Tribe, White Mountain Apache Tribe, Wichita and Affiliated Tribes, and the Yavapai-Apache Indian Nation. In addition, a representative of the American Indians in Texas at the Spanish Colonial Missions, a non-federally recognized group, attended consultation meetings. The Kickapoo Traditional Tribe, the Ute Mountain Tribe, and the Ysleta del Sur Pueblo were invited to consultation but did not attend.

In 1964, human remains representing two individuals were discovered under a room floor during an authorized archeological excavation at the fort. No known individuals were identified. No associated funerary objects are present. Non-destructive analysis identified the two individuals as Native American females. The initial archeological report dated both burials to pre-1833. However, recent review of the evidence dates them more likely to between 1849 and 1881.

Historic evidence indicates that the remains date to the time when the site was part of the Cheyenne and Arapaho Reservation, ca. 1860. Surrounding land had been used by the Cheyenne, Arapaho, Kiowa, Comanche, and Ute for hunting and trading since the 1820's or earlier. Oral traditions, especially of the Cheyenne, Arapaho, Kiowa, and Comanche, mention the area surrounding Bent's Old Fort as their homeland during part of their historic migrations. Southern Ute representatives identify the Bent's Old Fort area as a point along a migratory route used by the Ute tribes prior to the 1900s.

Based on the above mentioned information, officials of the National Park Service have determined that pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the National Park Service have also determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Cheyenne-Arapaho Tribes, Comanche Indian Tribe, Kiowa Indian Tribe, Southern Ute Indian Tribe, and Ute Mountain Tribe.

This notice has been sent to officials of the Cheyenne-Arapaho Tribes, Comanche Indian Tribes, Kiowa Indian Tribe, Southern Ute Indian Tribe, and Ute Mountain Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Mr. Donald Hill, Superintendent, Bent's Old Fort National Historic Site, 35110 Highway 194 East, La Junta, CO, 81050-9523, telephone (719) 384-2596, before October 16, 1996. Repatriation of the human remains to the Cheyenne-Arapaho Tribes, Comanche Indian Tribe, Kiowa Indian Tribe, Southern Ute Indian Tribe, and Ute Mountain Tribe will begin after that date if no additional claimants come forward.

Dated: September 10, 1996.
