

articles under those regulations no longer apply to the field testing, importation, or interstate movement of the subject papaya lines or their progeny. However, importation of the subject papaya lines or seeds capable of propagation are still subject to the restrictions found in APHIS' foreign quarantine notices in 7 CFR part 319.

National Environmental Policy Act

An environmental assessment (EA) has been prepared to examine the potential environmental impacts associated with this determination. The EA was prepared in accordance with: (1) The National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), (2) Regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372). Based on that EA, APHIS has reached a finding of no significant impact (FONSI) with regard to its determination that Cornell/Hawaii's papaya lines 55-1 and 63-1 and lines developed from them are no longer regulated articles under its regulations in 7 CFR part 340. Copies of the EA and the FONSI are available upon request from the individual listed under **FOR FURTHER INFORMATION CONTACT**.

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of the Census.

Title: Current Industrial Reports Program - Wave III (Voluntary).

Form Number(s): M33D, MA20D, MA35U.

Agency Approval Number: 0607-0776.

Type of Request: Revision of a currently approved collection.

Burden: 2,990 hours.

Number of Respondents: 925.

Avg Hours Per Response: 3.23 hours.

Needs and Uses: The Census Bureau conducts a series of monthly, quarterly, and annual surveys as part of its Current Industrial Reports (CIR) program. The CIR surveys deal mainly with the quantity and value of shipments of particular products and occasionally with data on production and inventories; unfilled orders, receipts, stocks and consumption; and comparative data on domestic production, exports, and imports of the products they cover. The CIR program includes both mandatory and voluntary surveys. Typically the monthly and quarterly surveys are conducted on a voluntary basis. Those companies that choose not to respond to the voluntary surveys are required to submit a mandatory annual counterpart. The annual counterpart collects annual data from those firms not participating in the more frequent collection. Due to the large number of surveys in the CIR program, for clearance purposes we group the surveys into three Waves. The mandatory and voluntary surveys in each Wave are separately submitted. Thus, a total of six clearances cover all of the surveys in the CIR program. One Wave is submitted for reclearance each year. The information collected in the CIR program provides continuing and timely national statistical data on manufacturing. The results of these surveys are used extensively by individual firms, trade associations, and market analysts in planning or recommending marketing and legislative strategies.

Affected Public: Business or other for-profit institutions.

Frequency: Monthly and Annually.

Respondent's Obligation: Monthly reports are Voluntary, Annual counterpart reports are Mandatory.

Legal Authority: Title 13 USC, Sections 131, 182, 224, and 225.

OMB Desk Officer: Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, Room 10201, New Executive Office Building, Washington, DC 20503.

Dated: September 10, 1996.

Linda Engelmeier,

Acting Departmental Forms Clearance Officer, Office of Management and Organization.
