

FGT will notify its customers of any such subsidization by a posting on its Electronic Bulletin Board (EBB). FGT is also amending the Tariff language to clarify that FGT is not required to modify existing facilities, nor construct new facilities. Because FGT is filing to revise its Tariff in accordance with the Commission's August 5 Order, FGT states there is no reason for the Commission to exercise its NGA Section 5 authority to require FGT to do so.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC, 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
