ENVIRONMENTAL PROTECTION AGENCY

[FRL-5610-2]

Proposed Settlement Agreement, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended, ("Act"), notice is hereby given of a proposed partial consent decree, which was lodged with the United States District Court for the District of Columbia by the United States Environmental Protection Agency ("EPA") on August 23, 1996, in a lawsuit filed by the Sierra Club Legal Defense Fund. This lawsuit, which was filed pursuant to section 304(a) of the Act, 42 U.S.C. § 7604(a), concerns, among other things, EPA's alleged failure to meet a mandatory deadline under section 608(a)(2) of the Clean Air Act. The proposed partial consent decree provides that EPA shall take certain regulatory actions under section 608(a)(2) in accordance with specified schedules.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed partial consent decree from persons who were not named as parties to the litigation in question. EPA or the Department of Justice may withhold or withdraw consent to the proposed partial consent decree if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of

the Act. Unless EPA or the Department of Justice determines, following the comment period, that consent is inappropriate, the final partial consent decree will establish deadlines for specific regulatory actions under § 608(a)(2) of the CAA.

A copy of the proposed partial consent decree was lodged with the Clerk of the United States District Court for the District of Columbia on August 23, 1996. Copies are also available from Jacquie Jordan, Cross-Cutting Issues Division (2322), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460, (202) 260-7622. Written comments should be sent to Jan M. Tierney at the address above and must be submitted on or before October 17, 1996.

Dated: August 30, 1996.
 Scott Fulton,
Acting General Counsel.

Gulf of Mexico Program Policy Review Board; Notice of Charter Renewal

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of charter renewal.

The Charter for the Environmental Protection Agency's (EPA) Gulf of Mexico Program Policy Review Board (PRB) will be renewed for an additional two-year period, as a necessary committee which is in the public interest, in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. The purpose of the PRB is to provide advice and counsel to State and Federal agencies on issues associated with environmental management and policy of the Gulf of Mexico. It is determined that the PRB is in the public interest in

connection with the performance of duties imposed on the Agency by law.

Inquiries may be directed to James D. Giattina, Designated Federal Official, Gulf of Mexico Program PRB, U.S. EPA, Director of the Gulf of Mexico Program Office, Building 1103, Room 202, Stennis Space Center, Mississippi 39529.

Dated: September 9, 1996.
 James D. Giattina,
Designated Federal Official.

Science Advisory Board; Notification of Public Advisory Committee Meeting Open Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Human Exposure and Health Subcommittee (HEHS) of the Science Advisory Board's (SAB) Integrated Risk Project will meet on October 9-10, 1996, in room 3075, Building 90, at the Ernest O. Lawrence Berkeley National Laboratory, 1 Cyclotron Road, Berkeley CA 94720. The meeting will begin at 9:00 a.m. and end no later than 5:00 p.m. on each day. All times noted are Pacific Time. This meeting is open to the public, but prior registration is required (see below).

The main purpose of the meeting is to continue discussions (initiated at the Committee's previous meeting on June 13/14, 1996) of human exposure (and their consequences) to various pollutants and to consider the potential for risk reduction. Members of the Committee will report back on their efforts to "pilot test" four possible approaches for assessing exposure and risk. The Subcommittee's activities are part of an SAB project to update the 1990 SAB report, Reducing Risk: Setting
