When AMSS becomes available on the domestic satellite, current AMSS users will be transitioning from Inmarsat to the domestic provider. To ensure continuity of service during the transition from Inmarsat to the U.S. domestic AMSS licensee, the Commission adopted a requirement that operators providing interim domestic aeronautical mobile satellite services (AMSS) via Inmarsat

file a transition plan as operations are moved to the U.S. domestic licensee. The information collection will be used by the Commission and the domestic licensee to ensure technical feasibility of the transition and continuity of service as the U.S. domestic licensee begins to provide domestic AMSS.
