Approval and Promulgation of Implementation Plan, North Carolina: Approval of Cape Industries, Air Permit No. 130R17

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On August 17, 1989, the State of North Carolina issued to Cape Industries, located in Wilmington, New Hanover County, North Carolina, air permit number 130R11, which set the sulfur dioxide emission limit at 2.3 pounds per million British Thermal Units (BTU). The State then submitted this permit to EPA on September 21, 1989, for approval as a revision to the State implementation plan (SIP). Air permit number 130R11 expired on October 1, 1991, and was subsequently replaced by the current Cape Industries air permit number 130R17 in December 29, 1994. Upon review of the permit, EPA finds that the designated limit for Cape Industries is adequate to protect the ambient standard and approves this permit. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final based on this proposed rule. The EPA will not

institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by October 21, 1996.

ADDRESSES: Written comments on this action should be addressed to Mr. Randy Terry at the EPA Regional Office listed below.

Approval and Promulgation of Implementation Plans North Carolina: Approval of Revisions to State of North Carolina's State Implementation Plan (SIP)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP)

revision submitted by the State of North Carolina and the Forsyth County Department of Environmental Affairs for the purpose of allowing the State and the County to utilize exclusionary rules for the purpose of limiting potential to emit air pollutants for certain source categories to less than the title V permitting major source thresholds. In the final rules section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.
