Porter House Limited aka Regina Porter, New York, NY; Notice of Revised Determination on Reopening

On March 13, 1996, the Department issued a Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to all workers of Porter House Limited, aka Regina Porter, located in New York, New York. The notice was published in the Federal Register on April 3, 1996 (61 FR 14820).

Based on new information received from the union representative and company officials, the Department, on its own motion, reviewed the findings of the investigation.

The initial denial of TAA for the workers of Porter House Limited for Trade Adjustment Assistance was based on the fact that the workers were engaged in the merchandising of imported women's apparel and did not produce an article.

New findings on reopening show that the workers produced samples of ladies' sportswear. The workers sewed, cut and

finished the samples. Other findings show that sales, production and employment decreased in the relevant period.

U.S. aggregate imports of women's and girls' skirts increased absolutely in 1995 compared with 1994. Imports/shipments for women's skirts; blouses and shirts; and coats and jackets was over 110% in 1994 and 1995.

Conclusion

After careful review of the additional facts obtained on reopening, I conclude that increased imports of articles like or directly competitive with ladies' sportswear contributed importantly to the declines in sales or production and to the total or partial separation of workers of Porter House Limited, aka Regina Porter, New York, New York. In accordance with the provisions of the Act, I make the following certification:

All workers of Porter House Limited, aka Regina Porter, New York, New York who became totally or partially separated from employment on or after January 29, 1995 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C. this 12th day of September 1996.

Russell T. Kile,
Acting Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

Employment Standards Administration Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits
