Background and Purpose

The City of Grand Haven, MI, has requested the Coast Guard approve a temporary deviation to the regulations which govern the U.S. Route 31 highway bridge at mile 2.9 over the Grand River in Grand Haven, MI. The bridge presently opens on signal from 3 minutes before to 3 minutes after the hour and a half hour between 6:03 a.m. and 9:03 p.m. Because of consistent traffic volumes throughout the day and the low amount of requests to open the bridge, the City has requested the bridge be permitted to not open during early morning, midday, and afternoon periods when rush hour traffic is greatest. Additionally, the City has requested a reduction in required openings from every half hour to once an hour, on the half-hour. The commander, Ninth Coast Guard District, has given consideration to the City's request and the data provided have merit to support a temporary deviation to the operating

regulations to determine feasibility for a permanent change.

The District Commander granted the City of Grand Haven, MI a temporary deviation from the operating requirements listed in 33 CFR 117.633 paragraph (c)(3) governing the U.S. Route 31 highway bridge over the Grand River. This deviation from normal operating regulations is authorized in accordance with the provisions of 33 CFR 117.43 for the purpose of evaluating possible changes to the permanent regulations. Under this deviation, the U.S. Route 31 highway bridge operated by the City of Grand Haven shall open on signal from August 5, 1996 to October 15, 1996 from 6:00 a.m. to 9:00 p.m., once an hour from 3 minutes before to 3 minutes after the half-hour. The bridge need not open for the passage of vessels during the three minutes before to three minutes after the half-hour time frames at 7:30 a.m., 12:30 p.m., 4:30 p.m., or 5:30 p.m.

Dated: July 31, 1996.

G. F. Woolever,

Rear Admiral, U.S. Coast Guard Commander, Ninth Coast Guard District.
