Draft Nonproliferation and Arms Control Assessment of Weapons-Usable Fissile Material Storage and Plutonium Disposition Alternatives

AGENCY: Department of Energy.

ACTION: Notice of Intent; request for public comment.

SUMMARY: The Department of Energy intends to provide a final opportunity for a dialogue with and input from the public on the Draft Nonproliferation and Arms Control Assessment of Weapons-Usable Fissile Materials Storage and Plutonium Disposition Alternatives Report. The Assessment reviews the nonproliferation and arms control implications of the reasonable alternatives under evaluation by the Department as identified in the Storage and Disposition of Weapons-Usable Fissile Materials Draft Programmatic Environmental Impact Statement (Draft PEIS) February 1996, DOE/EIS-0229-D. The Draft Report assesses the relative nonproliferation and arms control benefits and vulnerabilities of each alternative and identifies potential steps that could be taken to maximize the associated benefits and minimize the associated liabilities. The report will be used by the Department, in conjunction with environmental impact analyses, analyses of the cost, schedule and technical viability assessment of each option, other reports and public comments, in making a final decision on how to store weapons-usable fissile materials and dispose of surplus plutonium.

DATES: The Draft Report will be available electronically on October 1, 1996, at <http://ww2.dp.doe.gov/www.nn.doe.gov/nn/index.html>. Copies will also be available in DOE Reading Rooms. On October 7, 1996, copies of the Draft Report will be mailed to interested parties identified during the Outline Review phase or who have otherwise requested copies. To request a copy, please call 1-800-835-8009.

All comments on the Draft Report are due by November 6, 1996. Written comments may be sent to: Nonproliferation Assessment, U.S. Department of Energy, NN-42 JAP, 1000
