## Federal Highway Administration

### Environmental Impact Statement: Salt Lake County, Utah

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed transportation project in Salt Lake County, Utah.

**FOR FURTHER INFORMATION CONTACT:** Tom Allen, Project Development Engineer, U.S. Department of Transportation, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, Utah 84118, Telephone (801) 963-0182; or Jon Nepstad, Wasatch Front Regional Council, Suite 200, 420 West 1500 South, Bountiful, Utah 84010, Telephone (801) 292-4469.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Utah Department of Transportation (UDOT), the Utah Transit Authority (UTA), the Wasatch Front Regional Council (WFRC), Draper City, Sandy City, and

Salt Lake County will prepare an EIS for transportation improvements in the corridor at 2000 East (Highland Drive) from 9400 South in the city of Sandy, Utah to Interstate 15 between 11400 South and 14600 South (inclusive) in the city of Draper, Utah.

To provide for local and regional travel demands, the Salt Lake Area Long Range Transportation Plan has identified needed improvements to the Highland Drive corridor from Interstate 215 to Interstate 15, for the past 30 years. These suggested improvements have varied throughout the years and for this reason, the Wasatch Front Regional Council along with Salt Lake County, Sandy City, Draper City, the Utah Transit Authority, and the Utah Department of Transportation desire to prepare an EIS for the Highland Drive corridor from 9400 South to Interstate 15. The section from Interstate 215 to 9400 South will not be included in the EIS because it is an existing roadway.

Alternatives that will be considered in this study include: (1) Taking no action; (2) transportation system management; and (3) build alternatives. A multimodal evaluation of transportation improvements in the corridor will be the focus of the study. Transportation build alternatives to be studied include, but are not limited to: (1) collector roadway; (2) freeway; (3) arterial roadway; (4) high occupancy vehicle lane (HOV)/bus lane; and (5) others, as well as combinations of the alternatives mentioned.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. Formal scoping meetings are planned to be held in November 1996 in Sandy City and Draper City. In addition, a public hearing will be held after the draft EIS has been prepared. Public notice will be given of the time and place of the meetings and hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that a full range of issues related to this proposed action are addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA or the WFRC at the addresses provided above.
