SUPPLEMENTARY INFORMATION

I. Abstract

The Bureau of the Census uses Form
 B-625, "Business and Professional
 Classification Report," to collect
 information needed to keep the retail,
 wholesale, and service samples current
 with the business universe. Because of
 rapid changes in the marketplace caused
 by the emergence of new businesses, the
 death of others, transfer of ownership,

mergers, and so forth, four times a year
 the Bureau of the Census canvasses a
 different sample of new Employer
 Identification Numbers (EINs) obtained
 from the Internal Revenue Service and
 the Social Security Administration. The
 completed Form B-625, "Business and
 Professional Classification Report,"
 provides us with sales, receipts or
 revenue, company organization, new or
 refined Standard Industrial
 Classification (SIC), and other key
 information needed for sampling to
 maintain proper coverage of the
 universe. Based on the collected
 information, EINs meeting the criteria
 for inclusion in the Bureau's retail,
 wholesale or service surveys are
 subjected to a second sampling. The
 retail and wholesale EINs selected in
 this second sampling are placed on a
 panel to report in our surveys on a
 monthly basis. The selected service
 cases are also placed on a panel but
 report only annually. We are
 considering revisions to Form B-625 to
 reflect changing survey conditions. For
 example, we may drop the request for a
 list of individual business locations
 associated with the EIN. We may also
 make revisions to enable classification
 coding under the new North American
 Industry Classification System.
