[Project No. 11475-000]

**Central Vermont Public Service Corp.;  
Notice of Availability of Draft  
Environmental Assessment**

September 30, 1996.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for an original license for the Carver Falls Hydroelectric Project located on the Poultney River in Washington County, New York, and Rutland County, Vermont, and has prepared a Draft Environmental Assessment (DEA) for the project. In the DEA, the Commission's staff has analyzed the potential environmental impacts of the existing, unlicensed project and has concluded that approval of the project, with appropriate environmental protection or

enhancement measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA are available for review in the Public Reference and Files Maintenance Branch of the Commission's offices at 888 First Street, N.E., Washington, D.C. 20426.

Any comments should be filed within 45 days from the date of this notice and should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Please affix "Carver Falls Hydroelectric Project, No. 11475-000" to all comments. For further information, please contact Jim Haimes at (202) 219-2780.
