[Docket No. CP96-801-000]**Northern Natural Gas Company; Notice
of Request Under Blanket
Authorization**

October 2, 1996.

Take notice that on September 18, 1996, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124-1000, filed in Docket No. CP96-801-000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to install and operate a new delivery point to accommodate deliveries of gas to Western Gas Utilities, Inc. (WGU), in Wright County, Minnesota, under

Northern's blanket certificate issued in Docket No. CP82-401-000, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Northern proposes to construct and operate the new delivery point, to be known as the Delano #1B TBS, in order to deliver up to 1,000 MMBtu equivalent of natural gas per day to WGU on a peak day and up to 153,000 MMBtu equivalent on an annual basis. It is stated that the end uses of the gas will be commercial and industrial. Northern proposes to make the deliveries under its currently effective interruptible throughput service agreement. The cost of the facilities is estimated at \$183,000. It is asserted that the total volumes to be delivered to WGU after the addition of the requested delivery point would not exceed those presently authorized. It is further asserted that Northern has sufficient capacity to accomplish the deliveries without detriment or disadvantage to its other customers. It is further explained that Northern's tariff does not prohibit the addition of delivery points.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.
