

Needs and Uses: Section 73.1510 requires that a licensee of an AM, FM and TV broadcast station file an informal application with the FCC to request an experimental authorization to conduct technical experimentation directed toward improvement of the technical phases of operation and service. This request shall describe the nature and purpose of experimentation to be conducted, the nature of the experimental signal to be transmitted, and the proposed schedule of hours and duration of the experimentation. The data is used by FCC staff to maintain complete technical information about a broadcast station and to ensure that such experimentation will not cause interference to other stations.

Title: Section 73.1560 Operating Power and Mode Tolerance

Form Number: None

Type of Review: Extension

Respondents: Business or other for-profit

Number of Respondents: 273

Estimated time per response: 1 hour

Total annual burden: 273 hours

Needs and Uses: Section 73.1560(d) requires that licensees of AM, FM or TV stations file a notification with the FCC in Washington, D.C. when operation at reduced power will exceed ten consecutive days and upon restoration of normal operations. If causes beyond the control of the licensee prevent restoration of authorized power within a 30 day period, an informal written request must be made for any additional time as may be necessary to restore normal operations.

The data is used by FCC staff to maintain accurate and complete technical information about a station's operation. In the event that a complaint is received from the public regarding a station's operation, this information is necessary to provide an accurate response.

Title: Section 73.1615, Operation during modification of facilities

Form Number: None

Type of Review: Extension

Respondents: Business or other for-profit

Number of Respondents: 113

Estimated time per response: 10 minutes—1 hour

Total annual burden: 61 hours

Needs and Uses: Section 73.1615 requires notification to the FCC by a licensee of an AM, FM or TV station when it is in the process of modifying existing facilities as authorized by a construction permit and it becomes necessary to either discontinue operation or to operate with temporary

facilities. If such licensee needs to discontinue operations or operate with temporary facilities for more than 30 days, then an informal letter request must be sent to the FCC prior to the 30th day. The data is used by FCC staff to maintain complete technical records and to ensure that interference will not be caused to other licensed broadcast facilities.

OMB Number: 3060-0465

Title: Section 74.985 Signal Booster Stations

Form Number: None

Type of Review: Extension

Respondents: Business or other for-profit, non-profit institutions

Number of Respondents: 20

Estimated time per response: 30 minutes—1 hour per response

Total annual burden: 15 hours

Needs and Uses: Section 74.985 requires signal booster stations to obtain written consent from the licensee of the MDS, MMDS or ITFS station to be retransmitted and requires low power signal booster station to submit a certification statement within 48 hours of installation of a booster station demonstrating compliance with Section 74.985(g). The data are used by FCC staff to ensure consent to retransmit signal has been obtained and to ensure that low power booster would not cause interference.
