AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of availability of report on the Internet.

SUMMARY: The FHWA is announcing the availability on the Internet of the final report and recommendations of the Alliance for Uniform HazMat

Transportation Procedures (the Alliance) concerning the implementation of 49 U.S.C. 5119—formerly referred to as section 22 of the Hazardous Materials Transportation Uniform Safety Act of 1990 (HMTUSA). Section 5119 requires the Secretary of Transportation (the Secretary) to establish a working group of State and local government officials to establish uniform forms and procedures for the registration of persons that transport hazardous materials by motor vehicle, and to decide whether to limit the filing of State registration and permit forms and the collection of filing fees. The Alliance is the working group created to fulfill the requirements of the HMTUSA, and accordingly, has published its final report with recommendations. On July 9, 1996, the FHWA published a notice announcing the availability of the Alliance report and requesting public comments (61 FR 36016). The FHWA provided information on how to obtain copies of the report from the National Governors' Association (NGA). This notice provides the Internet address for the Alliance report and a new telephone number to use when ordering copies of the report from the NGA. The November 6, 1996, closing date for commenting on the report is not being changed.
