### Notice of an Open Teleconference of the Secretary of Energy Advisory Board

**AGENCY:** Department of Energy.

**SUMMARY:** Consistent with the provisions of the Federal Advisory

Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given of the following advisory committee teleconference of the Secretary of Energy Advisory Board. The purpose of the teleconference is to discuss whether to approve a letter report dated September 26, 1996, from the Task Force on the Arms Control and Nonproliferation Implications of Fissile Materials Disposition Alternatives to the Secretary of Energy Advisory Board.

**Date and Time:** Monday, November 4, 1996 5:00 PM-6:00 PM EDT.

**Place:** Participation by calling (202) 287-1373 at 5:00 PM, EDT, on November 4, 1996.

**FOR FURTHER INFORMATION CONTACT:**

Bruce Bornfleth, Program Analyst, 1000 Independence Avenue, SW, Washington, DC 20585, (202) 586-4040.

**SUPPLEMENTARY INFORMATION:** In early 1996, the Secretary of Energy directed the Office of Arms Control and Nonproliferation to conduct a Nonproliferation and Arms Control Assessment of the Weapons-Usable Fissile Material Storage and Plutonium Disposition Alternatives addressed in the Materials Disposition Programmatic Environmental Impact Statement. This Assessment will help form the basis for a Record of Decision as to how the United States will store and dispose of materials that can be used in nuclear weapons. In order to ensure that the widest possible range of technical and policy factors are addressed fully in the final version of the Assessment, the Secretary directed the Secretary of Energy Advisory Board to form a Task Force, a temporary subcommittee of the Secretary of Energy Advisory Board, to review the draft Assessment. On September 26, 1996, the Task Force transmitted a letter report to the Secretary of Energy Advisory Board for review.

**Public Participation:** During its teleconference on November 4, 1996, from 5:00 PM to 6:00 PM EDT, the Secretary of Energy Advisory Board welcomes public comment. Teleconference lines will be assigned on a first come basis. Members of the public can participate in the discussion, and the Board will make every effort to hear the views of all interested parties. Members of the public who wish to make a brief oral presentation at the teleconference should contact Bruce Bornfleth no later than October 30, 1996 in order to have time reserved on the agenda. In general, each individual or group making an oral presentation will

be limited to a total time of three minutes. Written comments may be submitted to David Cheney, Executive Director (Acting), Secretary of Energy Advisory Board, AB-1, 1000 Independence Avenue, SW, Washington, DC 20585.

Copies of the September 26, 1996, Task Force Letter Report, and the Department's Draft Nonproliferation and Arms Control Assessment of Weapons-Usable Fissile Material Storage and Plutonium Disposition Alternatives can be obtained by contacting the Office of the Secretary of Energy Advisory Board, AB-1, 1000 Independence Ave. SW, Washington, D.C. 20585, (202) 586-6279, or can be found on the Internet under the corresponding Task Force of the Secretary of Energy Advisory Board's home page at: [HTTP://WWW.DOE.GOV/SEAB/SEAB.HTML](http://WWW.DOE.GOV/SEAB/SEAB.HTML). In addition, public meetings conducted by the Department of Energy's Office of Arms Control and Nonproliferation on the Draft Assessment will be held at ten locations nationwide October 28-November 8, 1996 (61 FR 51093).

Any member of the public wishing further information, such as a proposed agenda on the meeting, should contact Bruce Bornfleth, Program Analyst; Secretary of Energy Advisory Board; 1000 Independence Avenue, SW, Washington, DC 20585 or via the Internet at [BRUCE.BORNFLETH@HQ.DOE.GOV](mailto:BRUCE.BORNFLETH@HQ.DOE.GOV). This Federal Notice is being published less than 15 calendar days prior to the teleconference date because the Secretary's decision on the Department's preferred options for the disposal of excess weapons-usable fissile material has been scheduled on an earlier date than originally anticipated.

**Minutes:** Minutes of the teleconference will be available for public review and copying approximately 30 days following the meeting at the Freedom of Information Public Reading Room, 1E-190 Forrestal Building, 1000 Independence Avenue, SW, Washington, DC, between 9:00 AM and 4:00 PM, Monday through Friday except Federal holidays.

Issued at Washington, DC, on October 17, 1996.
