#### Department of the Navy, DoD

##### Notice of Public Hearing for the Joint Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for Disposal and Proposed Reuse of the Naval Medical Center Oakland, Oakland, CA

**SUMMARY:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the California Environmental Quality Act (CEQA) Section 15170, the Department of the Navy, in coordination with the City of Oakland, California, has prepared and filed with the U.S. Environmental Protection Agency a joint Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for disposal and proposed reuse of the former Naval Medical Center Oakland (NMCO) property and structures in Oakland, California. The Navy is the lead agency for NEPA documentation and the City of Oakland is the lead agency for CEQA documentation. The Draft EIS/EIR is being prepared in compliance with the 1993 Base Realignment and Closure (BRAC) directive from Congress to close NMCO. NMCO property will be disposed of in accordance with the provisions of the Defense Base Closure and Realignment Act (Pub. L. 101-510) of 1990 as amended, and applicable federal property disposal regulations. NMCO closed on September 30, 1996.

The Draft EIS/EIR assesses the potential impacts to the environment that may result from Navy disposal of the NMCO property and subsequent community reuse. The Oakland Base Reuse Authority (OBRA) has adopted a Final Reuse Plan for the NMCO property. The NMCO Reuse Plan was adopted in June 1996 and published for distribution in August 1996. The preferred reuse alternative described in the Draft EIS/EIR as the Maximum

Capacity alternative proposes development of an executive 9-hole golf course combined with residential development, mixed corporate, commercial and residential uses, open space, and active recreation.

In addition to the preferred alternative, the other alternatives analyzed in the Draft EIS/EIR include: (1) A Mixed Use Village alternative that would include a mixed use zone, areas for a research and development facility, cultural/meeting facilities, neighborhood retail development, residential development, open space, and active recreation; (2) a Single Use Campus alternative that would include an educational campus, neighborhood retail development, open space, and active recreation; and (3) a Residential alternative that would include either low-density or high-density housing units, combined with neighborhood retail development, open space, and active recreation; and (4) a "No Action" alternative that would result in the NMCO property remaining in federal ownership in a caretaker status.

The Draft EIS/EIR is available for Review at the following public libraries in the vicinity of NMCO: (1) Oakland-Eastmont Mall Branch Library, 175 Eastmont Mall, 2nd Floor, Oakland, CA; (2) Oakland-Montclair Branch Library, 1687 Mountain Blvd., Oakland, CA; (3) Oakland Main Library, 125 14th Street, Oakland, CA; and (4) San Leandro Main Library, 300 Estudillo Ave., San Leandro, CA.

**ADDRESSES:** The Navy will conduct a public hearing on Wednesday, November 13, 1996, at 6:30 p.m., in the Hearing Room 2, City Hall, One City Hall Plaza, Oakland, California, to inform the public of the Draft EIS/EIR findings and to solicit comments. Federal, state and local agencies, and interested individuals are invited to be present or represented at the hearing. Oral comments will be heard and transcribed by a stenographer. To assure accuracy of the record, all comments should be submitted in writing. All comments, both oral and written, will become part of the public record in the study. In the interest of available time, each speaker will be asked to limit oral comments to five minutes. Longer comments should be summarized at the public hearing and submitted in writing either at the hearing or mailed to the address listed below.

**FOR FURTHER INFORMATION CONTACT:** All written comments must be submitted no later than November 27, 1996 to Mr. Gary J. Munekawa (Code 185GM), Engineering Field Activity West, Naval Facilities Engineering Command, 900
