Emergency Planning and Community Right-to-Know; Notice of Public Meetings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of public meeting.

SUMMARY: This Notice amends a Notice of Public Meetings that was published in the Federal Register of October 1, 1996, announcing two public meetings to receive public comment on issues raised by the Agency's advance notice of proposed rulemaking (ANPR) titled "Addition of Reporting Elements; Toxic Chemical Release Reporting; Community Right-to-Know," also issued in the Federal Register of October 1, 1996. This Notice is to inform the public that EPA is extending the public meeting time in Baton Rouge, Louisiana to 2 days due to the large number of people who registered to speak at this meeting and that the location of the meeting is being changed. In order to allow all registered speakers sufficient time to publicly present their comments on these issues, EPA feels it is necessary to provide an additional meeting day. EPA is not extending registration for speakers for this meeting, therefore only those stakeholders already registered to speak at this meeting will be scheduled on the agenda. Speakers who registered on or before October 11, 1996, will be notified by EPA as to which day of the meeting they will be scheduled to speak. The order of speakers will be based upon the order in which they signed up; no specific times will be assigned. Preferences for speaking on a particular

day will be given in the order in which the speakers were registered. In addition, EPA is announcing a third public meeting on the issues associated with the ANPR. This meeting will be held in Washington, DC to provide additional opportunity for the public to present their comments to EPA.

DATES: The meeting in Baton Rouge, LA is schedule to take place on October 29 and 30, 1996. The meeting on October 29 is scheduled from 9 a.m. to 5 p.m. The meeting on October 30 will start at 9 a.m. and will continue through the last registered speaker, which will be no later than 5 p.m. The meeting in Washington, DC is scheduled to take place on December 3 and 4, 1996, from 9 a.m. to 5 p.m. or through the last registered speaker, which will be no later than 5 p.m.

ADDRESSES: The meeting on October 29 and 30 will be held at the Best Western Richmond Suites Hotel, 5668 Hilton Avenue, Baton Rouge, LA. (Please note that this is a change of location.) The meeting on December 3 and 4, 1996, will be held at the Environmental Protection Agency, Education Center Auditorium, 401 M St., SW., Washington, DC.

SUPPLEMENTARY INFORMATION: In 1986, Congress enacted the Emergency Planning and Community Right-to-Know Act (EPCRA). Section 313 of EPCRA requires certain businesses to submit reports each year on the amounts of toxic chemicals their facilities release into the environment or otherwise manage. The information is placed in a publicly accessible data base known as the Toxics Release Inventory (TRI). The purpose of this requirement is to inform the public, government officials, and industry about the chemical management practices of specified toxic chemicals.

EPA is interested in expanding the information available via TRI to include chemical use information such as materials accounting data. The Agency
