#### Notice of Intent To Prepare an Environmental Impact Statement for the Disposal; and Reuse of Marine Corps Air Station El Toro, Santa Ana, California

**SUMMARY:** Pursuant to the National Environmental Policy Act as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the U.S. Marine Corps intends to prepare an Environmental Impact Statement (EIS) to evaluate the environmental effects of the disposal and reuse of Marine Corps Air Station (MCAS) El Toro. Located in Orange County, MCAS El Toro is north and east of the City of Irvine and west of the City of Lake Forest.

As a result of the 1993 Defense Base Realignment and Closure (BRAC) process, MCAS El Toro was slated for closure by 1999. Orange County was designated as the federally recognized Local Redevelopment Authority for the

development of the Community Reuse Plan at MCAS El Toro. Accordingly, Orange County is preparing the Community Reuse Plan simultaneously with an Environmental Impact Report required under the California Environmental Quality Act. An EIS, which is required for the disposal and reuse of MCAS El Toro, is being prepared by the Marine Corps in accordance with NEPA. The Community Reuse Plan will be the basis for the proposed action and the alternatives analyzed in the EIS. The Federal Aviation Administration is a cooperating agency for this EIS.

Environmental issues to be addressed in the EIS include: geological resources, biological resources, water resources, noise, air quality, land use compatibility, cultural resources, socioeconomics, environmental justice, public health and safety, transportation/circulation, aesthetics, utilities, hazardous materials, and solid waste.

The Marine Corps will initiate a scoping process for the purpose of determining the extent of issues to be addressed and identifying the significant issues related to this action. The Marine Corps will hold two public scoping meetings. The first will be on November 13, 1996, beginning at 5:30 pm, at Mission Viejo High School, 25025 Chrisanta Drive, Mission Viejo, California; and the second will be on November 14, 1996, beginning at 7:00 pm at Irvine City Hall, 1 Civic Center Plaza, Irvine, California. These meetings will be advertised in area newspapers.

A brief presentation will precede request for public comment. Marine Corps representatives will be available at these meetings to receive comments from the public regarding issues of concern to the public. It is important that federal, state, and local agencies and interested individuals take this opportunity to identify environmental concerns that should be addressed during the preparation of the EIS. In the interest of available time, each speaker will be asked to limit their oral comments to five minutes.

Agencies and the public are also invited and encouraged to provide written comment on scoping issues in addition to, or in lieu of, oral comments at the public meeting. To be most helpful, scoping comments should clearly describe specific issues or topics which the commentator believes the EIS should address. Written statements and or questions regarding the scoping process should be mailed to: Commanding Officer, Southwest Division, Naval Facilities Engineering Command, 1220 Pacific Highway, San Diego, CA 92132-5190 (Attn: Mr. Dan

Muslin, Code 232). All comments must be received no later than December 6, 1996.

Date: October 24, 1996.

Lawrence L. Larson,

*Colonel, U.S. Marine Corps, Head, Land Use and Military Construction Branch, Facilities and Services Division, Installations and Logistics Department, By direction of the Commandant of the Marine Corps.*
