**Submission for OMB Review;
Comment Request—Requirements for
Baby-Bouncers, Walker-Jumpers, and
Baby-Walkers**

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the Federal Register of February 15, 1996 (61 FR 5987), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information in the requirements for baby-bouncers, walker-jumpers, and baby-walkers in regulations codified at 16 CFR 1500.18(a)(6) and 1500.86(a)(4). By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of that collection of information without change through December 31, 1999.

The regulation codified at 16 CFR 1500.18(a)(6) establishes safety requirements for baby-bouncers, walker-jumpers, and baby-walkers to reduce unreasonable risks of injury to children associated with those products. Those risks of injury include amputations, crushing, lacerations, fractures, hematomas, bruises and other injuries to children's fingers, toes, and other parts

of their bodies. The regulation codified at 16 CFR 1500.86(a)(4) requires manufacturers and importers of baby-bouncers, walker-jumpers, and baby-walkers to maintain records for three years containing information about testing, inspections, sales and distribution of these products.

The records of testing and other information required by the regulations allow the Commission to determine if baby-bouncers, walker-jumpers, and baby-walkers comply with the requirements of the regulation codified at 16 CFR 1500.18(a)(6). If the Commission determines that products fail to comply with the regulations, the records required by 16 CFR 1500.86(a)(4) enable the firm and the Commission to: (i) identify specific models of products which fail to comply with applicable requirements; and (ii) notify distributors and retailers in the event those products are subject to recall.

**Submission for OMB Review;
Comment Request—Flammability
Standards for Children's Sleepwear**

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the Federal Register of January 19, 1996 (61 FR 1363), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek reinstatement of approval of collections of information in the flammability standards for children's sleepwear and implementing regulations. No comments were received in response to that notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of those collections of information without change through December 31, 1999.

The standards and regulations are codified as the Flammability Standard for Children's Sleepwear: Sizes 0 Through 6X, 16 CFR Part 1615; and the Flammability Standard for Children's Sleepwear: Sizes 7 Through 14, 16 CFR Part 1616. The flammability standards and implementing regulations prescribe requirements for testing and recordkeeping by manufacturers and importers of children's sleepwear subject to the standards. The information in the records required by the regulations allows the Commission to determine if items of children's sleepwear comply with the applicable standard. This information also enables the Commission to obtain corrective actions if items of children's sleepwear fail to comply with the applicable standard in a manner which creates a substantial risk of injury.

BILLING CODE 6355-01-P

Submission for OMB Review; Comment Request—Requirements for Electrically Operated Toys and Children's Articles

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the Federal Register of December 4, 1995 (60 FR 62077), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information in the Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children (16 CFR Part 1505). By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of that collection of information without change through December 31, 1999.

The regulations in Part 1505 establish performance and labeling requirements

for electrically operated toys and children's articles to reduce unreasonable risks of injury to children from electric shock, electrical burns, and thermal burns associated with those products. Section 1505.4(a)(3) of the regulations requires manufacturers and importers of electrically operated toys and children's articles to maintain records for three years containing information about: (1) material and production specifications; (2) the quality assurance program used; (3) results of all tests and inspections conducted; and (4) sales and distribution of electrically operated toys and children's articles.

The records of testing and other information required by the regulations allow the Commission to determine if electrically operated toys and children's articles comply with the requirements of the regulations in Part 1505. If the Commission determines that products fail to comply with the regulations, this information also enables the Commission and the firm to: (i) identify specific lots or production lines of products which fail to comply with applicable requirements; and (ii) notify distributors and retailers in the event those products are subject to recall.

BILLING CODE 6355-01-P

Submission for OMB Review; Comment Request—Safety Standard for Walk-Behind Power Lawn Mowers

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the Federal Register of January 31, 1996 (61 FR 3373), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information in the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR Part 1205). By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of that collection of information without change through December 31, 1999.

The Safety Standard for Walk-Behind Power Lawn Mowers establishes performance and labeling requirements for mowers to reduce unreasonable risks of injury resulting from accidental contact with the moving blades of mowers. Certification regulations implementing the standard require manufacturers, importers and private labelers of mowers subject to the standard to test mowers for compliance with the standard, and to maintain records of that testing.

The records of testing and other information required by the certification regulations allow the Commission to determine that walk-behind power mowers subject to the standard comply with its requirements. This information also enables the Commission to obtain corrective actions if mowers fail to comply with the standard in a manner which creates a substantial risk of injury to the public.
