AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 1, 1996.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the preliminary and final results of the antidumping duty

administrative review for the antidumping order on Certain Circular Welded Carbon Steel Pipes and Tubes from Thailand, pursuant to the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act (hereinafter, "the Act").

FOR FURTHER INFORMATION CONTACT: Steven Presing or Dorothy Woster, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone (202) 482-0194 or 482-3362, respectively.

SUPPLEMENTARY INFORMATION: Under section 751(a)(3)(A) of the Act, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the review within the statutory time limit of 365 days. In the instant case, the Department has determined that it is not practicable to complete this review within the statutory time limit. See Memorandum from Joseph A. Spetrini to Robert S. LaRussa (October 25, 1996).

Because it is not practicable to complete this review within the time limits mandated by the Act (245 days from the last day of the anniversary month for preliminary results, 120 days after publication of the preliminary determination for final results), in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limits as follows:

*The Department shall issue the final determination 120 days after the publication of the preliminary determination. This final due date is estimated based on publication of the preliminary notice five business days after signature.

Dated: October 28, 1996.

High Power Microwave Amplifiers and Components Thereof From Japan: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review, and Intent To Revoke Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation and preliminary results of changed circumstances antidumping duty administrative review, and intent to revoke order in part.

SUMMARY: In response to a request by NEC Corporation and NEC America, Inc., the Department of Commerce (the Department) is initiating a changed circumstances antidumping duty administrative review and issuing an intent to revoke in part the antidumping duty order on high power microwave amplifiers (HPMAs) and components thereof from Japan. NEC requested that the Department revoke the order in part with regard to imports of traveling wave tubes (TWTs) and klystron tubes, two

components of HPMAs. Based on the fact that MCL Inc., a domestic producer of HPMAs and petitioner in the less-than-fair-value (LTFV) investigation, supports NEC's request for a changed circumstances review and revocation in part of the order with regard to TWTs and Klystron tubes, we are initiating this review and we preliminarily determine to revoke the order in part with regard to this merchandise.

EFFECTIVE DATE: November 1, 1996.
