

3. On September 9, 1996, Florida submitted a requested for a general waiver of the freeze *Order* for all twenty (20) General Category channels numbered 114 through 133 throughout the state of Florida. It also requested that channel number 96, which is licensed for statewide mutual aid use, not be subject to the freeze *Order* for the State of Florida 800 MHz radio system and for all public safety applicants within the state. Florida asserts that the continued success of the implementation of their statewide radio system "critically depends on the construction of new or modified stations." Florida argues that the freeze *Order* unfairly prohibits Florida from altering its statewide radio system. In order to avoid what it argues is the inevitable and burdensome task of seeking waivers of the freeze *Order* on a case-by-case basis (e.g., the August 7, 1996, request), Florida requests the waiver apply to the entire geographic area of its statewide radio system and for all twenty-one (21) of the above-noted General Category channels.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the

general public and other Federal agencies to take this opportunity to comment on a proposed extension of a collection of information. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments on two forms used by FEMA's National Emergency Training Center (NETC) to approve and coordinate the use of the NETC facility for extracurricular training activities.

SUPPLEMENTARY INFORMATION: The NETC is a FEMA facility that houses the Emergency Management Institute and the National Fire Academy. It provides training and education programs for Federal, State, and local personnel in hazard mitigation, emergency response and preparedness, fire prevention and control, disaster response, and long-term disaster recovery. Special groups sponsored by the EMI, NFA, or other FEMA organizations may use NETC facilities to conduct activities closely related to and in direct support of the their activities. Such groups include other Federal departments and agencies, groups chartered by Congress such as the American Red Cross, State and local governments, volunteer groups and national and international associations representing State and local governments.

Collection of Information

Title. Approval and Coordination of Requirements to Use the NETC for Extracurricular Training Activities.

Type of Information Collection. Extension.

OMB Number: 3067-0219.

Form Numbers. FEMA Form 75-10, Request for Housing Accommodations; and FEMA Form 75-11, Request for Use of NETC Facilities.

Abstract. Data will be obtained from special groups that request to use NETC facilities for extracurricular training activities. Extracurricular training is training over and above regularly scheduled training sessions of NFA and EMI. The policy of the NETC is to accommodate other training activities on a space available basis at the Emmitsburg campus. In order for NETC to approve and schedule the use of its facilities, information must be provided by special group organizations. A written or telephone request for use of NETC facilities is initially made to determine availability of the facilities. If space is available, the contact person for the special group must follow up by completing FEMA Form 75-11 to provide information on the number of participants, meals, and special requirements. The information is used to assign classrooms, schedule equipment, and arrange for food service.
