Federal Energy Regulatory Commission

[Docket No. CP97-64-000]

ANR Pipeline Company; Notice of Application

October 29, 1996.

Take notice that on October 24, 1996, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed in Docket No. CP97-64-000 an application pursuant to Section 7(b) of the Natural Gas Act, for authority to abandon by transfer to ANR Field Services Company (ANR Field Services), its affiliate, certain gathering facilities located in the states of Kansas, Oklahoma, and Texas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

ANR states that in Docket No. CP96-186-000, it had proposed to spindown certain facilities, mainly in its Southwest gathering area, to ANR Field Services. ANR also proposed to refunctionalize certain facilities as transmission and to retain such facilities as part of its system. ANR notes that in an order issued August 2, 1996,¹ the Commission approved the proposed spindown and approved in part, and denied, in part, the proposed refunctionalization. Since the Commission denied part of the refunctionalization request, certain facilities remain classified as gathering. Inasmuch as ANR seeks to terminate its gathering activities in the Southwest area, ANR proposes to abandon by transfer to ANR Field Services, all those facilities for which refunctionalization was denied in the August 2, 1996, order. Collectively, it is stated that the facilities proposed to be transferred include 161 miles of pipeline ranging in size from 2-inch to 12-inch together with meters and recording equipment at 113 locations. ANR states that the net book value of the facilities proposed to be abandoned as of December 31, 1995, was \$2.4 million.

ANR states that it will file, as required, any notice of termination of the services pursuant to Section 4 of the Natural Gas Act upon receipt of the authorization requested herein. Upon

transfer of facilities, ANR states it will provide service to ANR's then-existing customers who desire such service pursuant to either negotiated agreements or the default agreement which was approved, with certain modifications, in the August 2, 1996, order.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 5, 1996, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that approval for the proposed abandonment is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

October 29, 1996.

Take notice that on October 25, 1996, Northern Natural Gas Company (Northern), tendered for filing to become part of Northern's FERC Gas Tariff, the tariff sheets listed on Exhibit A, to the filing.

On March 15, 1996, Northern filed a proposed Stipulation and Agreement of Settlement (Settlement) which would resolve all outstanding issues regarding Northern's rate case filing in Docket No.

¹ 76 FERC ¶ 61,153 (1996).

RP95-185-000 et al. On July 31, 1996, the Commission issued an Order Approving Settlement Subject to Conditions (July 31 Order). On September 26, 1996, the Commission issued an Order Denying Rehearing, Accepting Tariff Sheets Subject to Conditions, and Granting Request for Clarification (September 26 Order). With the issuance of the September 26 Order, the Commission's approval of the Settlement became final and, therefore, the Settlement became effective.

Northern is filing to comply with the Settlement as approved by the Commission's July 31 and September 26 Orders. Such compliance includes two steps: (1) To reinstate the base tariff rates, services, and provisions in effect as on December 31, 1995; and (2) to refile the tariff sheets filed and accepted subsequent to January 1, 1996 to reflect the Settlement base tariff rates and provisions as approved in the Commission's July 31 and September 26 Orders. These two steps are reflected in the tariff sheets listed on Exhibit A to the filing.

Northern states that copies of the filing were served upon the company's customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken in this proceeding, but will not serve to make Protestant a party to the proceeding. Copies of this filing are on file with the Commission and are available for inspection.

Tariff Provisions**

October 29, 1996.

Take notice that on October 25, 1996, Pacific Gas Transmission Company (PGT) filed motion for limited waiver of provisions of its FERC Gas Tariff which provide for crediting of revenues received by shippers releasing capacity on PGT's system through a credit on the releasing shipper's monthly invoice.

PGT asserts that the purpose of this filing is to seek a limited waiver of Section 28.9 of its FERC Gas Tariff, First Revised Volume No. 1-A, which requires PGT to credit revenues received for released capacity to the releasing shipper through a credit on the releasing shipper's monthly invoice. The Commission directed PGT to request a waiver of its relevant tariff provisions to allow such a crediting procedure.

PGT states that a copy of this filing has been served upon its jurisdictional customers and upon interested state regulatory agencies.

Any person desiring to be heard or protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure.
