ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

November 5, 1996.

Take notice that on October 31, 1996, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets to become effective November 1, 1996:

Fourteenth Revised Sheet No. 9
Sixteenth Revised Sheet No. 9
Sixteenth Revised Sheet No. 13
Sixteenth Revised Sheet No. 16
Twentieth Revised Sheet No. 18

ANR states that the above-referenced tariff sheets are being filed to commence recovery of approximately \$18.2 million of pricing differential (PD) and carrying costs that have been incurred by ANR during the period March 1, 1995 through August 30, 1996 as a result of the implementation of Order Nos. 636, et seq. ANR proposes a reservation fee surcharge applicable to its Part 284 firm transportation customers to recover ninety percent (90%) of the PD costs, and an adjustment to the maximum base tariff rates applicable to Rate Schedule ITS and overrun service rendered pursuant to Rate Schedule FTS–2, so as to recover the remaining ten percent (10%).

ANR has requested that the Commission accept the tendered sheets to become effective November 1, 1996. ANR advises that the proposed charges would increase its PD surcharge from \$0.221 to \$0.357.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.

Columbia Gulf Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

November 5, 1996.

Take notice that on October 31, 1996, Columbia Gulf Transmission Company (Columbia Gulf), pursuant to Section 4 of the Natural Gas Act (NGA), Section 154.301 of the Federal Energy Regulatory Commission's Rules and Regulations thereunder (18 CFR Section 154.301), and provisions of the settlement in Columbia Gulf's last Section 4 general rate proceeding in Docket No. RP94–219, tendered for filing revised tariff sheets listed in Appendix A attached to the filing, containing proposed changes to its FERC Gas Tariff, Second Revised Volume No. 1. The tariff sheets listed in Appendix A to the filing bear an issue date of October 31, 1996, and a proposed effective date of December 1, 1996. Columbia Gulf anticipates that the Appendix A tariff sheets will be suspended by the Commission for the full five months permitted by the NGA and moved into effect as of May 1, 1997.

Columbia Gulf states that the rates on the Appendix A tariff sheets reflect moderate increase which have occurred in Columbia Gulf's underlying cost structure since its last rate filing, as well as significant changes in Columbia Gulf's offshore and onshore zone transportation contracts since its current rates were established, and result in approximately \$9.6 million of additional revenue annually compared to revenues generated by the current rates. The proposed changes in the Appendix A tariff sheets are based on the 12-month period ending July 31, 1996, adjusted for known and measurable changes anticipated to occur on or before April 30, 1997. In addition, the Appendix A tariff sheets reflect additional changes, including Columbia Gulf's restatement of its retainage factors pursuant to its General Terms and Conditions (GTC) Section 33, the creation of a new offsystem-onshore zone, and a new GTC Section 37 concerning the construction of laterals as required by Section 154.109(b) of the Commission's Regulations.

Columbia Gulf states that its proposals are more fully described in

the filing and supported by Statement P testimony filed therewith.

Columbia Gulf states that copies of its filing have been mailed to all firm customers and affected state commissions. Pursuant to Section 154.208(a) of the Commission's Regulations, an abbreviated copy of the filing has been sent to interruptible customers.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
