## DEPARTMENT OF TRANSPORTATION

### Federal Highway Administration

#### Environmental Impact Statement; Vigo County, Indiana

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed highway bypass of Terre Haute, Indiana designated SR 641. A Major Investment Study (MIS) will be performed in coordination with the EIS.

**FOR FURTHER INFORMATION CONTACT:** Mr. Douglas N. Head, Program Operations Engineer, Federal Highway Administration, 575 N. Pennsylvania Street, Room 254, Indianapolis, Indiana 46204, Telephone: (317) 226-7487, Fax: 226-7341.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Indiana Department of Transportation will prepare an EIS for the proposed bypass of Terre Haute, Indiana designated SR 641 in Vigo County, Indiana. This six-mile corridor would connect US 41 south of Terre Haute with SR 46 east of Terre Haute at the interchange of SR 46 with I-70. Construction of this project is considered necessary to provide a bypass to Terre Haute and the extensive traffic congestion on US 41 in southern Terre Haute.

Alternatives under consideration include (1) taking no action; (2) applying low-cost Transportation System Management (TSM) techniques, (3) making more extensive and expensive improvements to improve traffic flow on I-70 and US 41, (4) modifying the interchange of US 41 with I-70, and (5) constructing a four-lane divided roadway on new alignment. TSM techniques include changes in signalization, minor lane additions and geometric improvements, and other relatively low cost changes that facilitate the flow of traffic. TSM techniques emphasize maximum use of existing facilities. More extensive capital improvements can also be made that expand roadway capacity, such as adding lanes to change the typical section of a road, eliminating driveway

entrances by use of frontage roads, bringing shoulder widths up to current standards and similar measures.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have expressed interest in this proposal. No additional formal scoping is planned. Informational public meetings were held July 13, 1993 and May 4, 1995. A public hearing will be held. Public notice will be given of the time and place of the hearing. The Draft EIS will be made available for public and agency review and comment.

To ensure that the full range of issues related to the proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program No. 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding inter-governmental consultation on Federal programs and activities apply to this program)

Issued on: October 31, 1996.

Douglas N. Head,

*Program Operations Engineer, Indianapolis, Indiana.*
