November 19, 1996.

Take notice that on November 13, 1996, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, P.O. Box 58900, Salt Lake City, Utah 84158-0900,

filed in Docket No. CP97-98-000 a request pursuant to Sections 157.205, and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.211) for approval and permission to operate two meter stations as certificated delivery points for deliveries to Mid-America Pipeline Company (MAPCO), successor in interest to Gulf Gas Utilities Company, under the blanket certificate issued in Docket No. CP82-433, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Northwest states that it proposes to operate the Lisbon and Dolores meter stations (formerly known as the Gulf Gas No. 1 and Gulf Gas No. 2 meter stations), located in San Juan County, Utah and Montezuma County, Colorado, respectively, as certificated delivery points. Northwest further states that MAPCO recently acquired Gulf Gas Utilities' interest in its gas supply and transportation agreements, including the A-89 agreement, and certain facilities located downstream of the subject meter stations. Northwest asserts that MAPCO requested Northwest to take the necessary action to make the meter stations available as delivery points for open access transportation under MAPCO's Rate Schedule TI-1 Part 284 transportation agreement dated April 20, 1994 (E-48 agreement), as reported in Docket No. ST95-1124. Northwest further asserts that MAPCO has requested Northwest to transfer the volumes and priority dates established under the A-89 agreement to its E-48 agreement, and subsequently terminate the A-89 agreement, upon approval of the prior notice authorization sought herein. Northwest indicates that it will shortly seek the necessary waivers of its first-come, first-served and priority of service tariff provisions in order to maintain the priority dates established under the A-89 agreement under the E-48 agreement.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214), a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request.
