Economic Development Administration

Notice of Intent to Prepare a Draft Environmental Impact Statement for Development of a New Business Park to be Located in Lackawanna County, Pennsylvania

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice of Intent to prepare a Draft Environmental Impact Statement.

SUMMARY: The Economic Development Administration (EDA) is issuing this notice to advise the public that a draft Environmental Impact Statement (EIS) will be prepared and considered in EDA's decision whether to provide federal financial assistance for the development of a new business park to be located in Lackawanna County, Pennsylvania.

SUPPLEMENTARY INFORMATION: EDA received an application from the Scranton Lackawanna County Industrial Building Company (SLIBCO) for financial assistance from EDA to develop a new business park, located in Lackawanna County, Pennsylvania. EDA initially made the award, but suspended the grant to undertake further review of the impacts of developing such a business park at the selected location. SLIBCO studied several alternative sites before selecting the proposed site located in the Borough of Jessup, approximately eight miles northeast of the City of Scranton, along SR 247, referred to as Moosic Mountain. Additionally, the Federal Bureau of

Prisons (Bureau), U.S. Department of Justice, is considering locating a federal correctional facility in the area, and is considering a portion of the Moosic Mountain site as a location for that facility. The Bureau plans to cooperate with EDA as necessary during the process and to distribute for public review documentation if applicable, which further discusses the Bureau's proposal.

Whether, and upon what conditions, EDA should award financial assistance to develop the Moosic Mountain site in the manner proposed by SLIBCO will be the subject of a detailed study in the form of a draft EIS. The topics to be studied as part of the draft EIS include, but are not limited to: topography, geology/soils, hydrology, biological resources, utility services, transportation services, cultural resources, land uses, hazardous materials, air and noise quality, and secondary and cumulative impacts, among others.

PUBLIC SCOPING MEETING: To ensure that the full range of issues related to the proposed action are addressed and all potential significant issues are identified and considered, comments and suggestions are being solicited. To facilitate receipt of comments, representatives of EDA will conduct a Scoping Meeting to which all interested persons are invited to attend. The Scoping Meeting will be held at a location convenient to the citizens of Lackawanna County. Both written and oral comments will be accepted at the meeting.

DRAFT EIS PREPARATION: Public notice will be given concerning the availability of the draft EIS for public review and comment.
