BILLING CODE 6351-01-M

DEPARTMENT OF DEFENSE**Department of Navy, DoD****Notice of Intent to Prepare an Environmental Impact Statement and to Open Scoping for Developing Home Port Facilities for Three NIMITZ Class Nuclear-Powered Aircraft Carriers in Support of the United States Pacific Fleet**

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality Regulations (40 CFR Parts 1500-1508), the Department of the Navy announces its intent to prepare an Environmental Impact Statement (EIS) and to open scoping to evaluate the environmental effects associated with developing and operating home port facilities for three nuclear-powered aircraft carriers (CVNs) in support of the U.S. Pacific Fleet.

The scope of the proposed action is to: (1) determine the appropriate home port for two CVNs that will replace two conventionally-powered aircraft carriers (CVs) that are currently homeported at Naval Air Station (NAS) North Island in the Naval Complex San Diego, CA, and (2) reevaluate the current location of one CVN homeport at Naval Station (NAVSTA) Everett in order to increase efficiency of support infrastructure, maintenance, and repair capabilities, to reduce costs, and to enhance crew quality of life. Decisions for facilities development need to be made as soon as possible to accommodate planned arrival schedules of the CVNs to the Pacific Fleet (one as early as 2001) and to gain infrastructure benefits prior to upcoming ship maintenance periods (commencing in 1999). These schedules are now sufficiently clarified to allow Navy to proceed with the proposed actions at this time.

There are three major U.S. areas of Navy concentration in the Pacific: San Diego, CA complex; Puget Sound, WA complex; and Pearl Harbor, HI complex. Naval Air Station (NAS) North Island in the San Diego Naval Complex and Puget
