BILLING CODE 8010-01-P

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

[Order 96-11-31; Dockets OST-96-1023 and OST-96-1071]

Applications of Gulf and Caribbean Cargo, Inc., d/b/a Gulf & Caribbean Air, for Certificate Authority

AGENCY: Department of Transportation.

ACTION: Notice of Order to Show Cause.

SUMMARY: The Department of Transportation is directing all interested persons to show cause why it should not issue orders finding Gulf & Caribbean Cargo, Inc., d/b/a Gulf & Caribbean Air, fit, willing, and able, and awarding it certificates of public convenience and necessity to engage in interstate and foreign scheduled air transportation of persons, property, and mail.

DATES: Persons wishing to file objections should do so no later than December 20, 1996.

ADDRESSES: Objections and answers to objections should be filed in Dockets OST-96-1023 and OST-96-1071 and addressed to the Documentary Services Division (C-55, Room PL-401), U.S. Department of Transportation, 400 Seventh Street, S.W., Washington, D.C. 20590, and should be served upon the parties listed in Attachment A to the order.

FOR FURTHER INFORMATION CONTACT: Mr. James Lawyer, Air Carrier Fitness Division (X-56, Room 6401), U.S. Department of Transportation, 400 Seventh Street, S.W., Washington, D.C. 20590, (202) 366-1064.

Dated: November 29, 1996.

Charles A. Hunnicutt,
Assistant Secretary for Aviation and International Affairs.

BILLING CODE 4910-62-P

Coast Guard

[CGD 96-064]

Differential Global Positioning System; Geiger Key, Florida: Environmental Assessment and Finding.

AGENCY: Coast Guard, DOT.

ACTION: Notice of availability.

SUMMARY: The Coast Guard has prepared an Environmental Assessment (EA) and Finding of No Significant Impact (FONSI) for establishment of a broadcast site of the Differential Global Positioning System (DGPS) service at Geiger Key, Florida. The EA concludes that there will be no significant impact on the environment and that preparation of an Environmental Impact Statement will not be necessary. This EA incorporates minor textual clarifications noted during further review and includes copies of the US Army Corps of Engineers and State of Florida wetlands permits. This Notice announces the availability of the EA and FONSI.

FOR FURTHER INFORMATION CONTACT:

LCDR Gene Schlechte, United States Coast Guard Navigation Center at (703) 313-5888. Copies of the EA and FONSI may be obtained by calling Mr. Schlechte, or by faxing him at (703) 313-5920. Copies of the EA—without enclosures—are also available on the Electronic Bulletin Board System (BBS) at the Navigation Information Service (NIS) in Alexandria, Virginia, at (703) 313-5910. For information on the BBS, call the watchstander of NIS at (703) 313-5900.

SUPPLEMENTARY INFORMATION:

Background

As required by Congress, the Coast Guard is preparing to install the equipment necessary to implement the Differential Global Positioning System (DGPS) service in the southeastern United States. DGPS is a new radionavigation service that improves upon the 100 meter accuracy of the existing Global Positioning System (GPS). USCG DGPS fielded sites are achieving accuracies on the order of 1 meter. For vessels, this degree of accuracy is critical for precise electronic navigation in harbors and harbor approaches and will reduce the number of vessel grounding, collisions, personal injuries, fatalities, and potential hazardous cargo spills resulting from such incidents.

After extensive study, the Coast Guard has selected a preferred alternative site at Geiger Key, Monroe County, FL. Significant concerns were raised about

installing DGPS equipment at an alternate site located at U.S. Coast Guard Base Key West, Monroe County, FL. At the Base Key West site, close proximity of the docking facilities to the transmitting antenna has the potential to adversely affect Coast Guard and Naval vessels carrying ordnance. The radio frequency radiation of the antenna also has the potential of interfering with Group Key West communications adjacent to the proposed project area. In addition, the density of existing structures and the planned growth (new construction) of the base has the potential to create satellite signal reception errors due to multipath distortion from the buildings, vessels, and vehicles. Such errors would adversely affect the performance and safety function of the DGPS service.

Selected Installation at Geiger Key, FL

(a) Site—The Geiger Key, FL, site is located on the U.S. Naval Air Station (NAS) Key West, FL. The site is located on Geiger Key lying and being in the County of Monroe, State of Florida being more particularly described as follows: Lot 1, 2, 3, 4, 5, 30, 31, 32, 33, 34, Block 16 of "Boca Chica Ocean Shores" as recorded in Plat Book 5 on Page 49 of Public Records of Monroe County, Florida.

(b) Radiobeacon Antenna—The Coast Guard will install a 74 foot self supporting whip antenna with an accompanying ground plane. A ground plane for this 74 foot antenna consists of approximately 120 copper radials (6 gauge copper wire) installed 6 inches (or less) beneath the soil and projecting outward from the antenna base. The optimum radial length is 300 feet, but this length may be shortened to fit within property boundaries. Wherever possible, a cable plow method will be used in the radial installation to minimize soil disturbance. DGPS signal transmissions will be broadcast in the marine radiobeacon frequency band (283.5 to 325 KHz) using less than 35 watts (effective radiated power). Signal transmissions at these low frequencies and power levels have not been found to be harmful to the surrounding environment.

(c) DGPS Antennas—Two 30-foot masts to support six small (4 inches by 18 inches diameter) receiving antennas will be required. The masts will be installed on concrete foundations. The antennas support the primary and backup reference receivers and integrity monitors.

(d) Equipment shelter—DGPS transmitting equipment will be housed in a 10 foot 8 inch by 16 foot 8 inch shelter.

³⁰ 17 CFR 200.30-3(a)(12) (1989).

(e) Utilities—The Coast Guard will use available commercial power as the primary source for the electronic equipment with battery power as a backup. A telephone line and modem will be required at each site for remote monitoring and operation.

Finding

Implementation of a DGPS service at Geiger Key, FL, is determined to have no significant effect on the quality of the human environment or require preparation of an Environmental Impact Statement.

Dated: November 27, 1996.

N. T. Saunders,

Rear Admiral, U.S. Coast Guard, Assistant Commandant for Operations.

BILLING CODE 4910-14-M

Federal Aviation Administration

Advisory Circular 25-20, Pressurization, Ventilation and Oxygen Systems Assessment for Subsonic Flight Including High Altitude Operation

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of issuance of advisory circular.

SUMMARY: This notice announces the issuance of Advisory Circular (AC) 25-20, Pressurization, Ventilation and Oxygen Systems Assessment for Subsonic Flight Including High Altitude Operation. This AC sets forth guidance on methods of compliance with the requirements of part 25 of the Federal Aviation Regulations (FAR) pertaining to pressurization, ventilation, and oxygen systems, especially as they pertain to high altitude subsonic flight. As with all AC material, it is not mandatory and does not constitute a regulation. The applicant may elect to follow alternate methods provided that these methods are also found by the FAA to be an acceptable means of complying with the requirements of part 25.

DATES: Advisory Circular 25-20 was issued by the Manager, Transport Airplane Directorate, Aircraft Certification Service, ANM-100, on September 10, 1996.

HOW TO OBTAIN COPIES: A copy may be obtained by writing to the U.S. Department of Transportation, Subsequent Distribution Office, DOT Warehouse, SVC-121.23,3341Q 75th Ave., Landover, MD 20785, telephone 301-322-5377, or faxing your request to the warehouse at 301-386-5394.

Issued in Renton, Washington, on November 25, 1996.

Darrell M. Pederson,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service, ANM-100.

BILLING CODE 4910-13-M

Notice of Intent To Rule on Application (#97-03-C-00-EGE) To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Eagle County Regional Airport, Submitted by the Eagle County Regional Airport, Eagle, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use PFC revenue at Eagle County Regional Airport under the provisions of 49 U.S.C. 40117 and Part 158 of the Federal Aviation Regulations (14 CFR 158).

DATES: Comments must be received on or before January 6, 1997.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Alan E. Wiechmann, Manager; Denver Airports District Office, DEN-ADO; Federal Aviation Administration; 26805 E. 68th Ave., Suite 224; Denver, CO 80249-6361.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Jim Elwood, A.A.E., Airport Manager, at the following address: Eagle County Regional Airport, P.O. Box 850, Eagle, CO 81631.

Air Carriers and foreign air carriers may submit copies of written comments previously provided to Eagle County Regional Airport, under section 158.23 of Part 158.

FOR FURTHER INFORMATION CONTACT: Mr. Christopher Schaffer, (303) 342-1258; Denver Airports District Office, DEN-ADO; Federal Aviation Administration; 26805 E. 68th Ave., Suite 224; Denver, CO 80249-6361. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application (#09-03-00-EGE); to impose and use PFC revenue at Eagle County Regional Airport, under the provisions of 49 U.S.C. 40117 and part 158 of the Federal Aviation Regulations (14 CFR Part 158).

On November 29, 1996, the FAA determined that the application to impose and use the revenue from a PFC submitted by the Eagle County Regional Airport, Eagle, Colorado, was substantially complete within the requirements of § 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than February 28, 1997.

The following is a brief overview of the application.

Level of the proposed PFC: \$3:00.

Proposed charge effective date: May 1, 1997.

Proposed charge expiration date: March 1, 2012.

Total requested for use approval: \$8,132,130.00.

Brief description of proposed project: New terminal building.

Class or classes of air carriers which the public agency has requested not be required to collect PFC's: None.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA Regional Airports office located at: Federal Aviation Administration, Northwest Mountain Region, Airports Division, ANM-600, 1601 Lind Avenue S.W., Suite 540, Renton, WA 98055-4056.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Eagle County Regional Airport.

Issued in Renton, Washington on November 29, 1996.

Dennis G. Ossenkop,

Acting Manager, Planning, Programming and Capacity Branch, Northwest Mountain Region.

BILLING CODE 4910-13-M

Notice of Intent To Rule on Application To Use the Revenue From a Passenger Facility Charge (PFC) at McGhee Tyson Airport, Knoxville, TN

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to use the revenue from a PFC at McGhee Tyson Airport Knoxville, Tennessee, under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Public Law 101-508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).
