

consideration of forest lands when presented with proposals for landfills. These include criteria which must be met for exchange of lands for purposes of a landfill, as well as conditions which would exclude a landfill on Forest lands.

The Forest Service determined that the need for transfer of land from the National Forest to the private sector was not established in the analysis for the purpose of siting a landfill in Elsmere Canyon. This was based on the following:

- Other potential in-county sites have potential for development.
- Existing in-county sites have the potential for expansion.
- Waste diversion has not been developed to its full potential.
- Exportation to out-of-county facilities has not been developed.
- Exportation to out-of-state facilities has not been developed.

Other factor found not to meet the requirements of the Forest Plan was:

- Forest exchange land contained riparian areas, resulting in a net overall loss of Riparian land thus not meeting the criteria set forth in the Plan.

**PL 104-333—Omnibus Public Lands Bill of 1996**

Congress passed PL 104-333 which included Section 812 entitled "Prohibition on certain transfer of National Forest Lands". This Act stated that the Secretary shall not transfer any lands owned by the United States and managed by the Secretary as part of the Angeles National Forest to any person unless the instrument of conveyance contains a restriction on the future use of such land prohibiting the use of any portion of such land as a solid waste landfill.

For the above reasons, the Forest Service would not have prepared a non-significant amendment to the Angeles National Forest Land and Resources Management Plan for the transfer or exchange of any lands within the boundaries of the Forest or the private sector for use as a solid waste landfill.

Dated: November 25, 1996.

Michael J. Rogers,  
*Forest Supervisor.*
