

Initiative (the Initiative). Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the regulations promulgated by the Council on Environmental Quality, and the U.S. Coast Guard (USCG) NEPA

Implementing Procedures and Policy for Considering Environmental Impacts, the USCG has approved a Record of Decision adopting the Initiative. The USCG will implement the proposed action (the preferred alternative), the Initiative, as described in the FEIS. (The FEIS notice of availability was published in the Federal Register on October 31, 1996.) The preferred alternative includes all components of the proposed action as stated in the FEIS and is the environmentally preferred alternative which incorporates mitigation and monitoring measures.

DATES: The Record of Decision will be available to the public on December 9, 1996.

ADDRESSES: For further information and/or copies of the approved Record of Decision, contact Mr. Keith Boi, Chief, Planning and Coordination Staff, Operations, at Commandant (G-O-1), 2100 Second Street, SW, Washington, DC 20593, telephone number (202) 267-1439, fax number (202) 267-4185.

SUPPLEMENTARY INFORMATION: The USCG preferred alternative as stated in the FEIS is composed of two main components, an Internal Program and a Conservation Program. Each program is made up of several elements or activities designed to protect or conserve living marine resources more effectively. The Internal Program of the preferred alternative focuses on operating procedures and directives for USCG vessels and aircraft in the Atlantic area that would prevent, to the maximum extent possible, harmful interactions with protected living marine resources. The Conservation Program focuses on the interaction of USCG personnel with other Federal and state agencies and the public to promote conservation of protected living marine resources. The preferred alternative was developed from recommendations provided to the USCG by the National Marine Fisheries Service, in Biological Opinions issued September 1995 and July 1996, and public comments received in response to the Environmental Assessment of Potential Impacts of U.S. Coast Guard Operations Along the U.S. Atlantic Coast and the Draft EIS.

Dated: November 29, 1996.
