

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE, Regulatory Information Division (2137), 401 M Street, S.W., Washington, DC 20460

And to:

Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, N.W., Washington, DC 20503

**SUPPLEMENTARY INFORMATION:**

*Review Requested:* This is a request for extension of a currently approved information collection pursuant to 5 CFR 1320.12.

*ICR Numbers:* EPA ICR No. 0613.06; OMB Control No. 2070-0053.

*Current Expiration Date:* December 31, 1996.

*Title:* Trade Secret Clearance Justification.

*Abstract:* This information collection activity will affect registrants of pesticide products subject to Freedom of Information Act (FOIA) requests. The purpose of the collection is to determine the confidentiality of information submitted to the Agency under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The collection is usually prompted by a request under the Freedom of Information Act (FOIA) for a record which may be entitled to confidential treatment. The collection instrument consists of nine questions codified under 40 CFR Part 2, Subpart B. A final determination on the releasability of the requested record is issued by EPA upon evaluation of the business's response.

EPA may not disclose information which is described by FIFRA section 10(d)(1) (A), (B), or (C). Under 40 CFR 2.204(a), EPA may take action to determine whether business information is entitled to confidential treatment when a request for disclosure is received under FOIA, when the Agency anticipates receiving a request under FOIA, or when the Agency wishes to determine if information in its possession is confidential. When determining whether information is entitled to confidential treatment, EPA is required by 40 CFR 2.204(e) to notify the affected business and provide an opportunity for comment. The requirements are mandatory to obtain a benefit.

*Burden Statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average 21 hours per response. This estimate includes the time needed for: reading collection request; conferring with EPA; gathering resources and coordinating actions;

reviewing information to identify potential confidential portions; processing, compiling, and reviewing claims of confidentiality for accuracy and appropriateness; reporting and substantiating findings; and storing, filing, or maintaining the information. No person is required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR Part 9.

*Respondents/Affected Entities:* Entities potentially affected by this action are registrants of pesticide products subject to Freedom of Information Act (FOIA) requests.

*Estimated No. of Respondents:* 90.

*Estimated Total Annual Burden on Respondents:* 1890 hours.

*Frequency of Collection:* once per event.

*Changes in Burden Estimates:* The administering office is fully automated and no longer utilizes contractor support for this ICR. Overall Agency and respondent costs have increased based on rates provided by the Bureau of Labor Statistics.

According to the procedures prescribed in 5 CFR 1320.12, EPA has submitted this ICR to OMB for review and approval. Any comments related to the renewal of this ICR should be submitted within 30 days, as described above.

Dated: December 3, 1996.
