

**Priorities****Competitive Preference Priority**

The competitive preference priority concerning Empowerment Zones and Enterprise Communities in the notice of final priorities for this program, published in the Federal Register on December 9, 1994 (59 FR 63860), applies to this competition.

Under 34 CFR 75.105(c)(2)(i) the Secretary gives preference to applications that meet the following competitive priority. The Secretary awards 10 bonus points to an application that meets this competitive priority in a particularly effective way. These bonus points are in addition to any points the application earns under the selection criteria for the program:

**Competitive Preference Priority—Providing Program Services in an Empowerment Zone or Enterprise Community**

Under this program the Secretary gives competitive preference to applications that—

- (1) Propose the provision of substantial services in Empowerment Zones or Enterprise Communities; and
- (2) Propose projects that contribute to the strategic plan of the Empowerment Zone or Enterprise Community and that are made an integral component of the Empowerment Zone or Enterprise Community activities.

Under this program a project is considered to be providing substantial services if a minimum of 51 percent of the persons served by the project reside within the Empowerment Zone or Enterprise Community.

**Invitational Priorities**

Under 34 CFR 75.105(c)(1) the Secretary is particularly interested in applications that meet one or more of the following invitational priorities. However, an application that meets one or more of these invitational priorities does not receive competitive or absolute preference over other applications:

**Invitational Priority 1—Projects To Increase Client Choice**

Projects that emphasize and demonstrate effective ways to increase the choices and involvement of eligible clients in the rehabilitation process, including the selection of goals, services, and the providers of vocational rehabilitation services.

**Invitational Priority 2—Programs To Demonstrate Early Intervention Strategies**

Projects that provide early intervention in providing vocational

rehabilitation services to individuals with chronic and progressive diseases, including HIV/AIDS. Projects should demonstrate the utility of early intervention in providing vocational evaluation, training, and counseling services to develop new careers and employment or to improve job retention.

**Invitational Priority 3—Projects Focusing on Career Advancement**

Projects that demonstrate service delivery models that further high quality employment outcomes for individuals with disabilities by providing services to ensure that those individuals possess the knowledge and skills necessary to compete for jobs with potential for career advancement and by providing services to improve career advancement opportunities for individuals who are employed.
