General Management Plan—Environmental Impact Statement Zion National Park, UT

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an environmental impact statement for a General Management Plan, hereafter known as a Visitor Management Resource Protection Plan (VMRPP), for Zion National Park.

SUMMARY: Under the provisions of the National Environmental Policy Act, the National Park Service is preparing an

environmental impact statement for a Visitor Management Resource Protection Plan for Zion National Park.

The project will result in a Plan encompassing visitor use, concessions management, and preservation of natural and cultural resources. In cooperation with local, state, tribal, and other federal agencies, attention will also be given to cooperative management of resources outside the boundaries that affect the integrity of Zion National Park. Alternatives that will be considered in the EIS will include no-action, the preferred alternative, and other feasible options.

One of the major issues to be addressed in this plan will be the identification and implementation of visitor carrying capacity throughout the park. This will be accomplished by the Visitor Experience and Resource Protection (VERP) process. VERP is a planning framework that focuses on visitor use impacts as they relate to visitor experiences and park resources. Other issues to be addressed include: natural and cultural resource management, the transportation system, and backcountry management. External threats, such as aircraft overflights, wild and scenic rivers, and wilderness will also be addressed. Provided as guidance to these issues will be legislative mandates, the park's purpose and significance statement, and the desired futures as established in the park's Statement for Management. A scoping newsletter has been prepared that details the issues and alternatives identified to date. Copies can be obtained from Superintendent, Zion National Park, Springdale, Utah 84767-1099.

FOR FURTHER INFORMATION CONTACT: Contact planning team coordinator, Darla Sidles, Zion National Park, 801-772-0211.

Dated: November 26, 1996.
Donald A. Falvey,
Superintendent.
