SUPPLEMENTARY INFORMATION: The Wild and Scenic River boundary proposal in the Federal Register Notice dated October 23, 1969 was amended in the February 26, 1973 Federal Register Notice to correct legal descriptions. Upon recent comparison of Geographic Information System data and master title plats, it was discovered that several small parcels totalling 570 acres within the Wild and Scenic boundary were not legally described in either of the aforementioned Federal Register Notices. These small parcels all lie within the "wild" component of the Rio Grande Wild and Scenic River, New Mexico.

District Manager.
