Title: Bell Operating Company Provision of Out-of-Region, Interstate, Interexchange Services (Affiliated Company Recordkeeping Requirement—CC Docket No. 96-21).

Form No.: N/A.

Estimated Annual Burden: 42,394 total annual hours; 6056 hours per respondent (avg.); 7 respondents.

Description: In the Report and Order issued in CC Docket No. 96-21, the Commission removed dominant regulation for BOCs that provide out-of-region, interstate, interexchange services through an affiliated that complies with certain safeguards, in order to facilitate the efficient and rapid provisions of out-of-region, domestic, interstate, interexchange services by the BOCs, as contemplated by the 1996 Act, while still protecting ratepayers and competition in the interexchange market. These safeguards require that the affiliate: (1) Maintain separate books of account from the LEC; (2) not jointly own transmission or switching facilities with the LEC; and (3) take any tariffed services from the affiliated LEC pursuant to the terms and conditions of the LEC's generally applicable tariff. The recordkeeping requirement will not impose any significant burden on BOC interexchange affiliates because we do not require that the interexchange affiliate maintain separate books of accounts that comply with our Part 32 rules. Instead, these affiliates must maintain separate books as would any separate corporation, as a matter of course.
