#### National Oil and Hazardous Substances Contingency Plan; National Priorities List Update

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Deletion of the Twin Cities Air Force Reserve Base, Small Arms Range Landfill, Minneapolis-St. Paul International Airport Superfund Site, Minneapolis, Minnesota, from the National Priorities List (NPL).

**SUMMARY:** The Environmental Protection Agency (EPA) announces the deletion of the Twin Cities Air Force Reserve Base, Small Arms Range Landfill, Minneapolis-St. Paul International Airport Superfund Site, Minneapolis, Minnesota, from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR Part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. This action is being taken by EPA and the State of Minnesota, because it has been determined that the Responsible Parties have implemented all appropriate response actions required. Moreover, EPA and the State of Minnesota have determined that remedial actions conducted at the site to date remain protective of public health, welfare, and the environment.

**EFFECTIVE DATE:** December 16, 1996.

**FOR FURTHER INFORMATION CONTACT:** Thomas Bloom at (312) 886-1967 (SR-6J), Remedial Project Manager, Superfund Division, U.S. EPA—Region V, 77 West Jackson Blvd., Chicago, IL 60604. Information on the site is available at the local information repository located at: the Southdale Public Library, 7001 York Avenue South, Edina, MN 55435 and the 934th Air Wing/Public Affairs Office, 760 Military Highway, Minneapolis-St. Paul IAP Reserve Station, MN 55450-2000. The contact for the Regional Docket Office is Jan Pfundheller (H-7J), U.S. EPA, Region V, 77 W. Jackson Blvd., Chicago, IL 60604, (312) 353-5821.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Twin Cities Air Force Reserve Base, Small Arms Range Landfill, Minneapolis-St. Paul International Airport Superfund Site

located at the Minneapolis-St. Paul International Airport in Minnesota. A Notice of Intent to Delete for this site was published September 16, 1996 (16 FR 48657). The closing date for comments on the Notice of Intent to Delete was October 16, 1996. EPA received no comments and therefore no Responsiveness Summary was prepared.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
