

clinical endpoints; (2) train laboratory personnel in the use of the Amplicor HIV-1 Monitor Test at Roche Diagnostics corporate headquarters training facility and at customers' facilities to include discussions of the basic principles of PCR nucleic acid amplification, the design and maintenance of a nucleic acid amplification laboratory, management of workflow, equipment maintenance, and trouble shooting techniques; (3) provide the agency with lot release test results for the first three commercial lots of the Amplicor HIV-1 Monitor Test, submit lot release data for every third lot for a period of 12 months postapproval, and comply with agency determinations regarding the need for submissions of lot release data beyond the 1-year postapproval period; and (4) develop and provide physician and patient educational materials to include information on HIV infection, acquired immune deficiency syndrome (AIDS), anti-viral treatment modalities, viral load testing, the Amplicor HIV-1 Monitor Test, and a statement that the clinical significance of HIV-1 RNA measurements has not been fully established and that studies are in progress to determine the role of HIV RNA measurements.

A summary of the safety and effectiveness data on which CBER based its approval is on file in the Dockets Management Branch (address above) and is available from that office upon written request. Requests should be identified with the name of the device and the docket number found in brackets in the heading of this document.

Opportunity for Administrative Review

Section 515(d)(3) of the act (21 U.S.C. 360e(d)(3)) authorizes any interested person to petition, under section 515(g) of the act, for administrative review of CBER's decision to approve this application. A petitioner may request either a formal hearing under part 12 (21 CFR part 12) of FDA's administrative practices and procedures regulations or a review of the application and CBER's action by an independent advisory committee of experts. A petition is to be in the form of a petition for reconsideration under § 10.33(b) (21 CFR 10.33(b)). A petitioner shall identify the form of review requested (hearing or independent advisory committee) and shall submit with the petition supporting data and information showing that there is a genuine and substantial issue of material fact for resolution through administrative review. After reviewing the petition, FDA will decide whether to

grant or deny the petition and will publish a notice of its decision in the Federal Register. If FDA grants the petition, the notice will state the issue to be reviewed, the form of review to be used, the persons who may participate in the review, the time and place where the review will occur, and other details.

Petitioners may, at any time on or before January 16, 1997, file with the Dockets Management Branch (address above) two copies of each petition and supporting data and information, identified with the name of the device and the docket number found in brackets in the heading of this document. Received petitions may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday.

This notice is issued under the Federal Food, Drug, and Cosmetic Act (secs. 515(d), 520(h) (21 U.S.C. 360e(d), 360j(h))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.10) and redelegated to the Director, Center for Biologics Evaluation and Research (21 CFR 5.53).

Dated: November 26, 1996.

Kathryn C. Zoon,

Director, Center for Biologics Evaluation and Research.
