

use this study in determining if the longer BOP testing interval will afford an equal or better degree of protection, safety, or performance than the current requirement.

MMS will also discuss potential changes to the current BOP testing and maintenance requirements. MMS plans to issue these new BOP requirements in mid-February 1997.

MMS encourages all interested parties to attend the workshop and participate in the discussions. Persons or organizations that want to make a presentation at the workshop must contact William S. Hauser prior to the workshop.

Preliminary Agenda

- Welcome and Introduction
- Tetrahedron, contractor for the study, will discuss the study and present the findings
- Questions and comments on the study
- MMS discussion of potential new BOP testing and maintenance requirements
- Questions and comments on requirements
- Additional presentations, as appropriate.

Registration: There is no registration fee for this workshop. However, to assess the probable number of participants, MMS requests participants to register with William S. Hauser by calling (703) 787-1613 or FAX (703) 787-1093 prior to the meeting. Seating is limited and will be on a first-come-first-seated basis.

Dated: December 11, 1996.
