In addition, Crossroads is revising certain provisions of its tariff to comply with Order No. 582. Finally, Crossroads proposes to make minor typographical corrections to its tariff.

Crossroads states further that copies of the filing were served on its current firm and interruptible customers and interested state commissions.

MidAmerican Energy Company; Notice of Petition To Amend

December 12, 1996.

Take notice that on November 22, 1996, MidAmerican Energy Company (MidAmerican), P.O. Box 657, Des Moines, Iowa 50303, filed in Docket No. CP95-264-001 a petition pursuant to Section 7(f) of the Natural Gas Act to amend its certificate issued in Docket No. CP95-264-000 authorizing a service area determination, all as more fully set forth in the petition on file with the Commission and open to public inspection.

MidAmerican states that it is a local distribution company with a Hinshaw exemption based on Iowa. MidAmerican states that it received a Section 7(f) service area determination in Docket No. CP95-264-000 authorizing it to serve customers across the Iowa borders in Illinois and South Dakota without losing its exemption from Commission regulation. MidAmerican requests herein that its certificate issued in Docket No. CP95-264-000 be amended to include a waiver from the filing and reporting requirements for natural gas companies pursuant to Part 260 of the Commission's regulations. It is asserted that MidAmerican's predecessors received such a waiver and that the reporting requirements would be overly burdensome for a company such as MidAmerican and would duplicate the information submitted to the state bodies which regulate MidAmerican's operations.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before January 2, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Lois D. Cashell,
Secretary.
